THIS IS THE PRESIDENTIAL ELECTION

Turnout for the midterms is always lower than for main elections with POTUS on the bill. This could help the Republicans in two ways, *if* Democrats don't counteract with a massive turnout in November: First, low turnouts almost always favor Republicans, who vote in higher-percentage numbers. Second, the party of the incumbent President historically suffers in midterm elections, especially when it's a first-time President. That could be a double whammy for Democrats, but there is hope on the horizon…

This year's *Dobbs* v. *Jackson Women's Health Organization* decision, overturning *Roe* v. *Wade*, has energized Democrats and independents alike, as the stunning election in Kansas showed: In August 58% of voters struck down an amendment to the state constitution virtually outlawing abortion, shocking the bill's sponsors. And it's not only a woman's right to abortion that's at stake. More inane, regressive policies are on the way if there's not a Congress to oppose this increasingly radical-right Supreme Court: LGBTQ rights, same-sex marriage and the right to contraception—all once validated by previous Supreme Court decisions—may be overturned if they are not codified into law by Democratic legislatures now.

Trump's stooges are currently winning in primaries for state and national offices across the country. Many still embrace the Big Lie and are open to overturning legitimate election results—the kind of coup we barely avoided in 2021. Remember January 6th? Case in point: Trump endorsed Blake Masters in Arizona for the U.S. Senate, who won after Trump declared, "Blake knows that the 'Crime of the Century' took place; he will expose it and also never let it happen again."

We cannot allow more of these totalitarian Trump puppets to take office. So please do not wait until 2024 to vote! The next President could very well be decided in *this* election.

DEMOCRACY IS ON YOUR BALLOT

THIS YEAR YOU GET AN EXTRA VOTE FOR THE 2024 PRESIDENTIAL ELECTION. PLEASE VOTE WISELY.

I am not a member of the Democratic Party, but I will vote like one this year. The Republican Party has left me (and, I would argue, you) no other option. It has clasped hands, like Thelma and Louise, with Donald Trump, the most corrupt American politician in history (by far) to drive the nation over a cliff and into a sea of madness and authoritarianism.

I may not be a Democrat, but I remain a fan of democracy, which—as Winston Churchill once quipped—"is the worst form of Government except for all those other forms that have been tried from time to time."

Autocracy didn't work out too well in Churchill's day. It won't fare any better in ours. But make no mistake: It is very much on the 2022 ballot *in all 50 states*. So is democracy—and you get to vote for it!

Throughout the primary season, while dodging depositions and criminal investigations and accountability for stealing the nation's most sensitive documents, the disgraced former President has managed to hoax his brain-poisoned minions into selecting dangerous sycophants for key positions on the 2022 ballot.

In the critical Presidential battleground of **Pennsylvania**, for example, Republican voters tapped Doug Mastriano as their gubernatorial nominee. He sponsored buses to the January 6, 2021, insurrection and led Trump's unlawful scheme to create fake electors after the 2020 Presidential election.

The unabashed Christian nationalist has vowed to require every eligible Pennsylvania resident to reregister before voting again if he defeats Democratic Attorney General Josh Shapiro to become the state's next governor. Mastriano has also said he would not have certified the state's 20 electoral votes for Joe Biden in 2020 had he been governor when Trump lost there by nearly 100,000 votes. As governor, Mastriano can handpick his own secretary of state, giving him the chance to help steal the 2024 Presidential election.

Voters in swing state **Michigan** face similarly perilous choices. The Trump-backed Republican nominees for governor, attorney general and secretary of state are *all* 2020 election deniers who believe—with zero evidence—that Trump won the state. Biden actually prevailed there by more than 150,000 votes.

Right-wing commentator Tudor Dixon is running against incumbent Democratic Governor Gretchen Whitmer. Tudor cited a hypothetical 14-year-old girl who was raped and impregnated by her uncle as the "perfect example" of why abortion should be *barred* in Michigan. (You read that correctly.)

Matthew DePerno, the GOP's attorney general nominee, allegedly led a team that secretly made unlawful copies of voting software in several towns after the 2020 election. He is being investigated for criminal felony charges while vying to become Michigan's top law enforcement official.

In increasingly "blue" **Arizona**—it now has two Democratic U.S. senators—Biden won by a razor-thin 12,000 votes. Ballots were counted, recounted and recounted again to confirm his victory. The GOP attorney general found no fraud that could have changed those results. Moreover, they were certified by Republican Governor Doug Ducey and Democratic Secretary of State Katie Hobbs, her party's 2022 nominee for governor.

Nonetheless, Trump-endorsed supporters of his Big Lie now top Arizona's 2022 GOP ticket. Gubernatorial nominee Kari Lake and Mark Finchem—the GOP's nominee for secretary of state—have each said they wouldn't have certified the candidate Arizona voters actually preferred in 2020. Both races are among *the nation's* most critical in advance of 2024.

In **Wisconsin**, Trump-backed construction millionaire Tim Michels won the GOP nod for governor in yet another state with a gerrymandered legislature. Wisconsin Republicans passed one restrictive voting measure after another, only to be vetoed by Democratic Governor Tony Evers. Michels champions the false claim that the state's 2020 election can still be *decertified* somehow.

Running against the incumbent, Michels vows to abolish Wisconsin's bipartisan Election Commission if elected. He'll have the backing of Eric Toney, the GOP nominee for attorney general, if he wins. Toney is a fellow 2020 denier.

In at least ten states, Republican nominees to oversee future elections have questioned, rejected or attempted to overturn the 2020 results. In fact, antidemocracy charlatans and con artists will appear on ballots up and down the ticket—from governor to mayor to local district attorney—*in all 50 states*.

I can't detail them all here, but there is one easy trick to remember when filling out your ballot: If there is an *R* by a candidate's name, he or she supports autocracy. If there is a *D*, the candidate advocates democracy.

None of this is to say that Democrats are perfect. In fact, they're the worst— except for every other party on the ballot.

If you hope to vote for President in 2024, you can actually vote twice—*legally*—by casting your crucial vote in 2022. Exercise that right before it is gone. This is it. These are the stakes. Choose wisely.

DR. MEHMET OZ

If it's true that prostitution is the world's oldest profession, what would be the second oldest? There are many possible candidates, but a good wager would be snake oil salesman. Humanity has always been afflicted with a terrifying array of diseases and maladies; before modern medicine, dealing with them was the province of witch doctors, faith healers and other forms of quasi-magical intervention, some of them more harmful than doing nothing. Desperate for relief, sick people, or others wanting to safeguard their health, were willing to try anything—*Swallow this bat turd and you'll feel much better!*—and there was invariably a greedy charlatan around to offer a bogus "miracle" tonic or cure. Snake oil for all your ailments, young and old alike!

Even in the era of modern medicine, quackery still appeals to vulnerable souls—just witness the long career of TV's most popular doctor, Mehmet Oz, who has decided to run for political office in the upcoming midterm elections for U.S. senator of Pennsylvania.

The son of well-off Turkish immigrants, Oz graduated from Harvard before earning his M.D. and MBA degrees at the University of Pennsylvania's School of Medicine and Wharton School and practicing as a cardiothoracic surgeon and professor of surgery at Columbia University. At the Columbia-affiliated Presbyterian Hospital, Oz and a colleague founded the Cardiac Complementary Care Center to provide alternative treatments for heart disease patients. One of his treatments was "therapeutic touch," wherein a practitioner places his hands on or near patients to manipulate their "energy fields" and thus promote healing. If this reminds you of a televangelist slapping a congregant's forehead to drive out demons, you're on the mark. An experiment published in the *Journal of the American Medical Association* disproved the whole thing. The administrators forced Oz to drop this quackery at the hospital before he found a better venue for peddling pseudoscientific bullshit—television.

He made over 60 appearances as a health advisor on the mega-popular *Oprah Winfrey Show*, which led to his own *The Dr. Oz Show* in 2009. It might as well have been called *Snake Oil Today!* At the beginning of the COVID-19 pandemic, Oz appeared on *Fox & Friends* to back up Trump's hype about hydroxychloroquine as a miracle COVID drug, despite no conclusive clinical evidence, no authorization by the FDA and the known side effects of eye and heart damage. The FDA ridiculed his claim that apple juice contains unsafe levels of arsenic as "irresponsible and misleading." Equally irresponsible was Oz's baseless claim that carrying cell phones in bras causes breast cancer. He's touted lavender soap to ease leg cramps, the "umckaloabo root extract" from South Africa for relieving cold symptoms and a strawberry/baking soda mixture to whiten teeth—all with no supporting evidence, or with side effects worse than the supposed cure. Then he couldn't resist giving astrology a whirl with this advice: "For centuries, we have used astrological signs to examine our personality and how we interact with those around us. However, these signs may reveal a great deal about our health as well." Most of us have explored astrology at one time or another, but taking it seriously for health diagnosis?

The richest vein of Oz's quackery has always been weight loss. In many parts of the world, getting enough daily calories is a serious problem. In America, we have a different problem: too much gluttony and the hopeless quest to lose the blubber without breaking a sweat. Dr. Oz has always obliged with the latest bogus quick fix: It was raspberry ketones as "the number-one miracle in a bottle to burn your fat"; then it was green coffee extract as the "magic weight-loss cure for every body type." Neither has proven effective for obese individuals. So how did Oz keep peddling such nonsense?

Two former researchers for the show (now practicing M.D.s) confessed that all the topics were chosen not by Oz or medical pros, but by the producers after some internet surfing. They imagined a typical audience member, "Shirley," suffering from obesity, lethargy and back pain, who didn't want to hear that the best cure was exercise; no, she craved some good old snake oil while sitting on her big butt watching TV, and Dr. Oz was the charming frontman with a degree to deliver the goods.

It got so bad that he was scolded in a 2014 congressional hearing before the Senate subcommittee on consumer protection by Claire McCaskill: "The scientific community is almost monolithic against you," and "You are melding medical advice, news and entertainment in a way that harms consumers." He even admitted to the senators that his claims "don't have the scientific muster to present as fact." In 2015 a group of ten prominent physicians demanded that Columbia University fire Oz for his "disdain for science and evidence-based medicine." But Mehmet was saved from further disgrace in the following year by a fellow TV con man: Donald Trump, who appeared on his show during the 2016 campaign—an effective endorsement from Oz. Trump eventually rewarded him with an appointment to his President's Council on Sports, Fitness and Nutrition in 2018. President Biden demanded his resignation from that position in March of this year. Oz was hurt, whining that "Trump appointed me to two terms," so Biden fired his ass. Apparently, this trauma sparked his desire to get revenge and seek office as the Republican senator from Pennsylvania.

To date, he has polled consistently behind his Democratic opponent, John Fetterman, whom his campaign humiliated for suffering a stroke in May: "If John Fetterman had ever eaten a vegetable in his life, then maybe he wouldn't have had a major stroke and wouldn't be in the position of having to lie about it constantly." How they presumed to know Fetterman's diet is a mystery.

What kind of doctor allows his staff to publicly ridicule a stroke survivor? The same kind of doctor who celebrated the Supreme Court's overturning of *Roe* v. *Wade*, even as horror stories mount about adolescent rape victims and women with life-endangering ectopic pregnancies unable to be treated in states that passed draconian anti-abortion trigger laws. Oz used to support abortion rights, acknowledging the suffering from "coat-hanger events," but changed his tune while pandering to the fanatical MAGA crowd. Now he says, "life starts at conception" and "it's still murder" whether or not there's a heartbeat!

If this opportunistic flip-flopping is not bad enough, consider that prior to his campaign, Oz was a promoter of the Affordable Care Act and regularly supported health insurance mandates. Now, however, he's vowed to repeal the ACA if elected to Congress—the program that has provided 31 million Americans with affordable health insurance and surely saved countless lives. It's obvious that Oz has completely forgotten the main tenet of the Hippocratic Oath: First, do no harm. It's perfectly clear now—just as it was to Dorothy and Toto when they pulled back the curtain—that this Wizard of Oz is a quack and a fraud. Good Pennsylvanians, please vote to keep this superstitious Trumpite Asshole out of office! H

SATANIC PANIC!

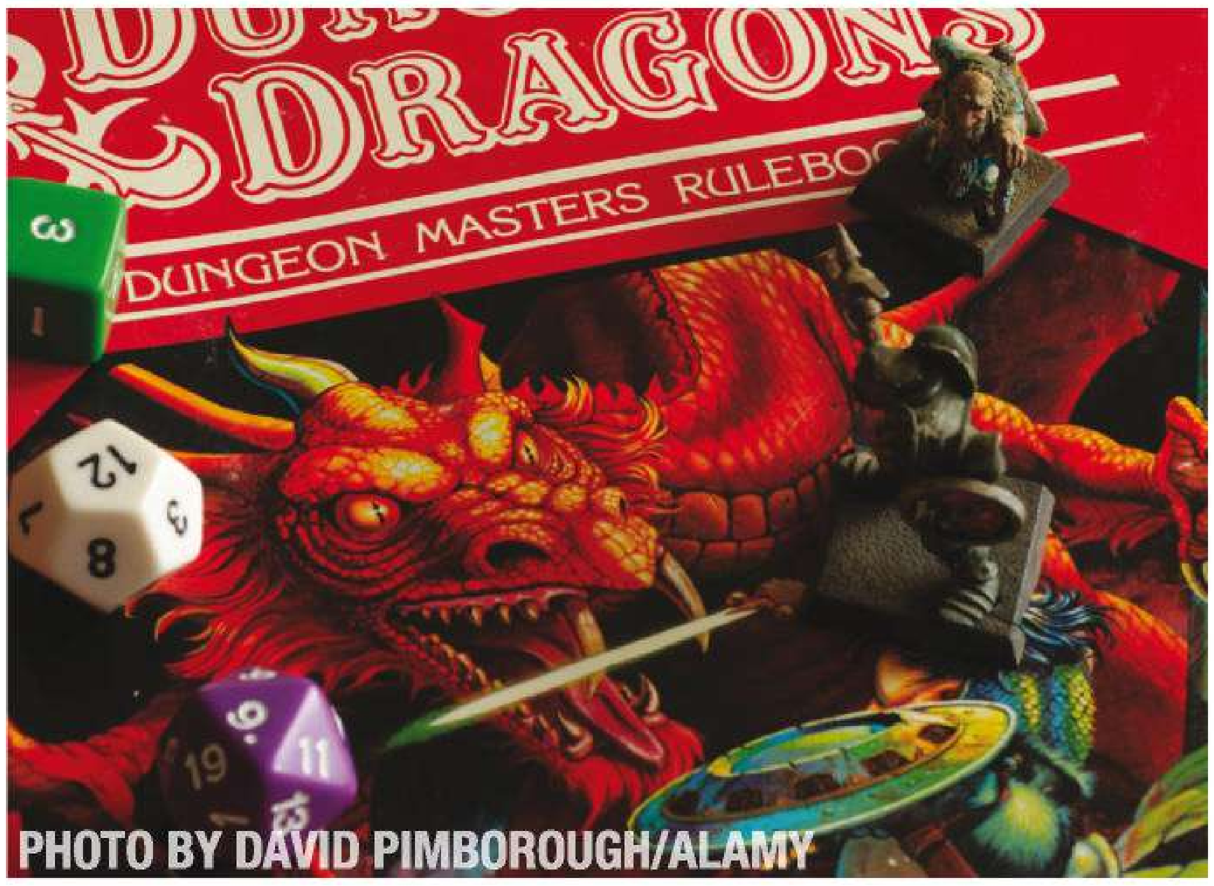

PHOTO BY DAVID PIMBOROUGH/ALAMY

There are many reasons to love the latest and greatest season of the Duffer brothers' Netflix smash hit, *Stranger Things*: the stellar cast, the practical effects, Kate Bush, Metallica—but best of all? Its unabashed love for the greatest role-playing game of all time, Dungeons & Dragons.

For those who have never experienced the sublime pleasure of selecting a character class or rolling a natural 20, a primer: Created by the legendary Gary Gygax and Dave Arneson and first published in 1974, D&D is considered the birth of modern role-playing games and the reason why RPG video games exist. No D&D, no Skyrim.

But what is perhaps most remarkable about its place in the *Stranger Things* universe is not so much the goblins and paladins that populate this fantasy realm, but the moral panic that falsely framed D&D as a gateway to satanism and suicide. Borne of the infamous Chick Tracts, a series of Christian fundamentalist screeds, the 1984 publication *Dark Dungeons* was the match that lit a powder keg of pearl-clutching outrage.

And if you think we left that mess back in the '80s, think again. From *Harry Potter* to Pokémon, religious bigots and fearmongering asshats will always choose ignorance over letting people live their damn lives in peace. Fighting the good fight for 21st century gamers is **Lua Stardust**, an alternative model, cosplayer, podcaster and internet personality with a passion for TCG (trading card games, like Magic: The Gathering) and D&D. A vocal community advocate with maximum charisma points, our new favorite DM (Dungeon Master) leads us on a quest of enlightenment and bullshit-busting.

***Stranger Things* Stan:** "I've been a huge fan of *Stranger Things* since day one! I think it's amazing to see D&D represented in such a wicked-cool, spooky way. That it's set in the '80s is genius—especially how the so-called 'satanic panic' of that era is woven into the main storyline. It's disturbing to think how people sincerely believed that a silly game where you roll dice and play make-believe could unleash the gates to hell."

The Freedom of Fantasy: "D&D is all about being anybody you want to be in this fantasy world. I'm a 4-11 heavily tattooed gal, and some of my favorite characters to play include a soft mushroom spore druid and a six-foot-tall barbarian! Honestly, role-play is my favorite creative outlet: Building a character from scratch, coming up with unique details that sometimes mirror real life—it's really magical. Plus, the community is so open and accepting; it's wonderful to know that there's always a seat at the table for anyone."

A New Golden Age? "With shows like *Stranger Things*, *Dimension 20* and *Critical Role*, we're seeing D&D represented everywhere. A game that was once just for nerds like me is now beloved by folks from all walks of life! For example, Joe Manganiello (*Magic Mike*, *Pee-wee's Big Holiday*) runs his own celebrity D&D game. And just last July we got to see a trailer for the new D&D film coming to theaters! What a time to be alive…"

COCK RING BLING

Custom sneakers are for basic bitches. As a rapper in 2022-23, you're just a giant pile of irrelevance unless your side hustle includes a handmade, jewel-studded, 18-karat cock ring. Because nothing says "baller" like $25,000 worth of ice and gold resting (un) comfortably atop your bean bag.

We could all take a page out of Frank Ocean's playbook. The award-winning artist, who last blessed our earholes with *Blonde* back in 2016, has his own jewelry line called Homer. When he launched his new collection last August, Ocean took to Instagram with a photo of a very blurry yet very discernible dick (not his) modeling the bling-tastic XXXL H-Bone Ring.

But before you put that kind of hardware anywhere near your genitals, first take a giant step back and consider the mechanics of this oft misunderstood accessory. What is a cock ring, and how does it work?

As you may already have surmised, a cock ring is a ring you wear around the base of your penis. It can be made of silicone, plastic, leather, surgical-grade steel—just steer clear of titanium, because there is no cutting that thing off in the event of an emergency. Some vibrate, and that's fun for everyone (think clitoral stimulation), but it's perhaps best known as a tool for staying harder longer.

Though a far cry from the witchcraft that is Viagra, a cock ring is supposed to trap blood in the penis while simultaneously increasing the total volume of blood for a more robust erection. *However*, this "fact" is purely anecdotal, as there is no reputable scientific evidence to suggest that cock rings have any effect whatsoever. What it comes down to is, what works for you? If it feels good, then that's all the reason you need to put a ring on it.

Chafing sucks, so remember to lube up. Start with something soft, like silicone, and always wash it when you're done—hygiene first! Finally, you probably want to restrict yourself to 30 minutes at a time—otherwise you risk tissue damage and swelling, not to mention a very awkward visit to the ER. Gold is considerably softer than titanium, but do you really want the jaws of life anywhere near your frank 'n' beans?

SEX ON THE FIRST DATE?

Sex on the first date: yea or nay?

Not you, dude. This one is for the ladies. Because unlike men, women are made to carry some unfortunate and patently unfair baggage when consenting to a hot fuck sans courtship. Safety, stigma, the disgusting state of male hygiene—honestly, is it really worth it?

Vogue asked this very question in a rambling think-piece published over the summer, and we could not wait to get some real insight from real women who don't own property in the Hamptons. Here to set the record straight: three wise and wily civilians (i.e., non-sex workers), who tell us how they really feel about not waiting. Ready for some atomic truth bombs? (Not) all names have been changed to protect the innocent and cautiously horny.

If she's in the mood, **Tammy Knockers** is game—but it's her decision, so fuck off with your assumptions. “Have I had sex on the first date? Absolutely! Do I do it all the time? Absolutely not! I don't plan for it; it sort of just happens. If the guy is cute, we have good chemistry and the situation is right, then sure, let's go. But don't be pushy, and don't expect it just because I agree to go over to your house or invite you to mine.”

For **Tee Cee**, the trade-off these days often isn't worth the risk. “I used to be a yea on the first date, but now it's more like a nay. I prefer a safe location like a coffee shop—as a test, to see what this person is all about. If they pass, then sure, I'll go on a real date…but I still prefer to wait. As a polyamorous person, you'd think it would be the exact opposite, but finding out if we're a good fit—politics, boundaries, consent, interests, etc.—is more important. The real answer though? Too many creeps out there. It's best to check for red flags before risking STIs. I always ask myself, is this person worth a STI? The answer is usually no. Also, apps make it feel transactional—people just wanna get laid. I did that already; I want meaningful connections—*and* booty, of course.”

It's a hard no for **Jessie Seitz** (real name), but she offers a faint-hope clause for exceptional suitors. “No sex on the first date! A hookup is for fun, but an actual date means that I'm interested in more. So sex is off the table until a real connection is there. That being said, there's no reason you can't fall asleep in the same bed and wake up to morning sex, which technically would be a *second* date.” *Follow Jessie Seitz! Twitter: @AcidGothForever*

THE (SE)X FILES

With the oversaturation of true crime and murder podcasts, it's a shame that no one wants to talk about the greatest mystery of Pandemic Times: Why the sharp and sudden drop-off in public sex?

At the behest of our lawyers, we are obliged to state that HUSTLER does not condone the illegal act of indecent exposure and/or trespassing as it is defined by state governments and municipal councils…*but* what are we to make of this vexatious vanishing act? [Cue ominous music.]

According to recent NYPD crime stats, New York's finest issued only two public lewdness summonses in 2020 for people boinking al fresco in public parks. That's compared to *432 tickets* for lewd behavior handed out back in 2007.

We've divided our theories into three categories of plausibility. Normally you'd have to endure 22 podcast episodes to taste the sweet nectar of closure, so please enjoy this 30-second read sponsor-free:

The obvious, COVID—and now monkeypox—has taken a serious toll on our collective mental health. Lockdowns, safety restrictions and existing in a state of perpetual anxiety are not exactly optimal conditions for boning down in public spaces. In short, the risk ain't worth the reward.

The distinctly possible. When in doubt, blame millennials. First it was the avocado toast; now they refuse to have sex. So says “The CDC's Youth Risk Behavior Survey,” which reveals that between 1991 and 2017, “...the number of high school students having sexual intercourse dropped from 54% to 40%” (as reported in *The Guardian*). Seriously, millennials, is it too much to ask to compartmentalize your end-of-times dread and whip it out once in a while?

The X Files. Okay, here's what we've got: The RAND Corporation, in conjunction with the saucer people, under the supervision of the reverse vampires, are forcing people to binge-watch *Bridgerton* in a fiendish plot to keep horndogs indoors! We're through the looking glass, people.

A VERY VORE THANKSGIVING

Thanksgiving, Turkey Day, Black Friday Eve—whatever you want to call it, the holiday is first and foremost a food odyssey. Specifically, that succulent bird and all the mouthwatering trimmings you know and love.

Personally, we're thankful for fetish models and content creators like **Miss Whitney Morgan**. A cook in the bedroom and a whore in the kitchen, her love of vore is a hunger unlike any other.

Vorarephilia, or "vore fetish," is the ***fantasy*** of being devoured, swallowed whole like some unsuspecting yam. We asked Miss Whitney how to prepare the perfect human feast for the senses. Venture, if you dare, into the dark recesses of her imaginary recipe book.

MISS WHITNEY'S SAVORY VORE SURPRISE (serves 6 to 8)

"It's that time of year! A tasty turkey, a plump little piggy picked fresh off the farm for a delectable holiday spread. I hope you brought your appetite, fellow fetishist...

"This being a vore-inspired banquet, I've selected the perfect doe-eyed prize. She's willing, eager and wanting to feed you. Go ahead, pinch her meaty bits: those luscious tits, that generous ass—leftovers for days. This is grade-A, prime prey. Thick thighs to fry, a round rump to roast, bouncing belly and breasts to broil. A scrumptious braised babe who cannot wait to feed you.

"Mouth gagged with a shiny red apple, you drench her soft, smooth, pristine skin in truffle oil. Rub down thoroughly using only the finest spices; then get busy stuffing those tight little holes! A full stick of butter, bouquet garni and mirepoix for flavor, then plug her up with a nice, fat carrot so she can marinate from the inside out. Lemon zest for acidity, salt and pepper to taste.

"The sumptuous aroma of gorgeous gourmet game fills the house. Slowly sizzling in her own juices, oil dripping down her crispy, crackling skin, the scent sends you into a frenzied spiral of hunger and desire. It's feeding time.

"Presented on a silver platter, she is the star attraction: a dish worthy of awe and appetite. Imagine that moist, tender flesh—meaty, mouthwatering morsels bursting forth with flavor, tickling your taste buds with every eager bite. But the pièce de résistance? Her tender little twat, delicious and dripping wet. You devour her delicate little lips like fresh oysters plucked from the ocean. Divine.

"Stuffed and satisfied, you are thankful for the ultimate umami experience. She gave herself to be gobbled up, nibbled and noshed. Her sacrifice has satisfied your hunger. The question is, for how long?"

THE BREEDERS

[Voice of Jerry Seinfeld] "What's the deal with breeding?!" Seriously though, what does it mean to have a breeding kink, and how is it more than just a deliberate creampie surprise?

As with any fetish, it's open to interpretation. Some people actually want to get pregnant and have as many babies as possible; others use a combination of timing, birth control and luck. Or you can forego actual semen altogether and role-play with fantastical dildos (monster, equine or otherwise) rigged to squirt out synthetic splooge. And should you not be the owner of a vagina, buttholes are 100% on the menu.

Warning: Given the current climate of political and ideologically based misogyny in the U.S., one should maybe first consider what state they live in before committing to anything too authentic—internal emissions are divine, but Republicans have a way of ruining it for everyone.

There's a lot to unpack here, so strap in as **Cattie Candescent** takes the wheel. A visionary fetish content creator and all-around naughty hottie, she graciously answers all our burning questions about the joys of *not* pulling out and why this ooey-gooey taboo is a breed apart.

HUSTLER: How did you discover this kink, and why do you love it?

CATTIE CANDESCENT: Experimentation, as is often the case! Just thinking about it would make my pussy tingle and panties wet, and amateur porn allowed me to further explore this kink. Knowing how naughty and taboo it is to have unprotected sex, someone's seed being shot deep inside of you…there's no feeling like it!

Is there more to it than unprotected sex and pregnancy?

For some, that's all it is. For others, it can be an act of trust, D/s, playing out a fantasy or indulging in something risqué that we're taught to think is "wrong." Like many kinks and fetishes, reasoning and execution vary person to person. Regardless, if it's consensual and feels good, then it's worth trying.

How do you like to experience breeding, and what do your fans like?

I'm big on switching things up, so it depends on the mood I'm in. Sometimes I want to be tossed around like a fuck doll; other times I want to climb on top and milk it right out of 'em! My fans are always game, which I love—it allows me to experience both the innocent and dominant sides of my kink. I find most people want to be ravished and used up, myself included.

What about dildos and toys that can simulate ejaculation? Does that count?

It 100% counts! Personally, however, there's nothing quite like the real thing. I think it's more fun with a partner(s), but yes, you can absolutely use toys to fill yourself up with gallons of fake cum! Speaking of which, the mess is half the fun and a huge turn-on. My fans can tell you just how much I love to be smothered in jizz—seeping from all of my holes.

What are some basic breeding do's and don'ts if you want the rush of bareback but aren't looking to actually get pregnant?

With the current climate, it's important to first determine the accessibility or *inaccessibility* of contraception. But breeding kink is high-risk in general, with or without birth control. Know your ovulation cycle and schedule your cum dumps accordingly. Make sure your partner(s) are tested and that you're all on the same page about precautions and what to do if you wind up pregnant.

"Yup, I was living the dream…until I married the nightmare."

JESSICA STARLING

STAR LIGHT, STAR BRIGHT

PHOTOGRAPHY BY
STEVEN ANDRES

Growing up, I was extremely shy and anxious. I didn't like talking to or meeting new people, and any situation where I was the center of attention was my worst nightmare. I've grown radically since then, and I pushed myself out of my comfort zone when I started working in the sex industry. While I'm still pretty introverted, I do enjoy meeting new people and talking with them, and now I can obviously be the center of attention! In fact, I've grown to love performing in front of a camera—and in front of an audience as well.

"The craziest spots I've ever had sex were in public places. I've fucked in a grocery store and by a pool, in front of a crowd of people. It's a turn-on when my partners have confidence, and there's no one-size-fits-all answer to what makes sex great for me. Just ask what I like or don't like. Communicate, be open-minded and make me laugh!"

SMALL MEETS TALL

MEET THE SIZE QUEENS OF THE ADULT INDUSTRY, MODELS WHO ARE CELEBRATED FOR THEIR HEIGHT, WHETHER THAT BE 4-8 OR 6-6. HUSTLER PAIRED SMALL PERFORMERS WITH TALL PERFORMERS FOR INTERVIEWS TO DISCOVER THE LONG AND THE SHORT OF THEIR XXX CAREERS.

We want everything. Tattoos. No tattoos. Big butts. Augmented breasts. Long hair. Short hair. No hair. Young. Mature. Girl next door. She-demon from hell. And like some sort of Giving Tree of sexual gratification, porn delivers it unto us. Blessed are we, adult entertainment's undeserving stroke monkeys.

In a medium of extremes, height can be a huge advantage. For those who choose to lean into their size, success is achieved through a combination of self-confidence, perspective and opportunity. To us, they're goddesses, each and every one. And what better way to better know them than in conversation—not with HUSTLER, but with each other! Batting for the glamazons: Australian kinkster Sarah Button (6-2), fetish fave Rocky Emerson (6-3) and the longest stems in all of New Orleans, Blondi (6-6). And coming in hot at under five feet: Madi "the bigger, the better" Collins (4-9), vixen kitten Haley Spades (4-8) and skilled grappler Kaiia Eve (4-11).

MADI GOES LARGE!

Just a small-town girl, living in an XXX world. And if that Journey reference is too obscure, we'll cut right to the chase: Pint-size penis destroyer ***Madi Collins*** *(4-9) is what the French call* "un vrai pétard"*: A real firecracker—a pocket rocket, if you will—who lights up our lives with scorching hot sex scenes that showcase her massive talent. Speaking of massive talent, we paired her with 6-2 Australian kinkster Sarah Button, a BDSM-loving stunner and kindred spirit.*

SARAH BUTTON: How's the weather down there? Seriously though, how do you deal with people who make comments about your size? Does it bother you?
MADI COLLINS: When I was younger, I definitely had more of a reaction to the height jokes. Now I kinda enjoy them because I can use one on the off chance I meet somebody smaller than me—haha. I think, after you've been picked up without warning so many times, you learn to appreciate the jokes more.

Yikes! Still, being a petite performer seems to really be working for you!
My height, or lack of, is definitely an advantage. A lot of my fans love to see standing 69s, and of course it's possible if you're the same height, but a lot easier if you're me. I think it's kind of cool that I can pretty much do it with anyone.

What kind of prep do you do if you know you'll be working with a particularly big scene partner?
Everyone performs differently; I've heard of other tiny performers prepping with a toy beforehand. Personally, I just like to get a feel for my scene partner and let our bodies warm up together. And if a dick ever seems like it'll be too big or might be a challenge, I just remind myself that I wouldn't say it was too big if I brought him home after a night out…it would just be a really good end to a night! Haha.

In school, were you always seated in front of the tall kids in class? Were you protected from bullies? How were you treated?
I grew up in a small town. I was always the shortest in my class, from grade school to my graduating year of high school. When I was younger, I was always involved in some kind of performance art or gymnastics where they would line you up and sort you by height. I got used to being front and center all the time, and I think this is what helped make me the confident performer I am today. >>

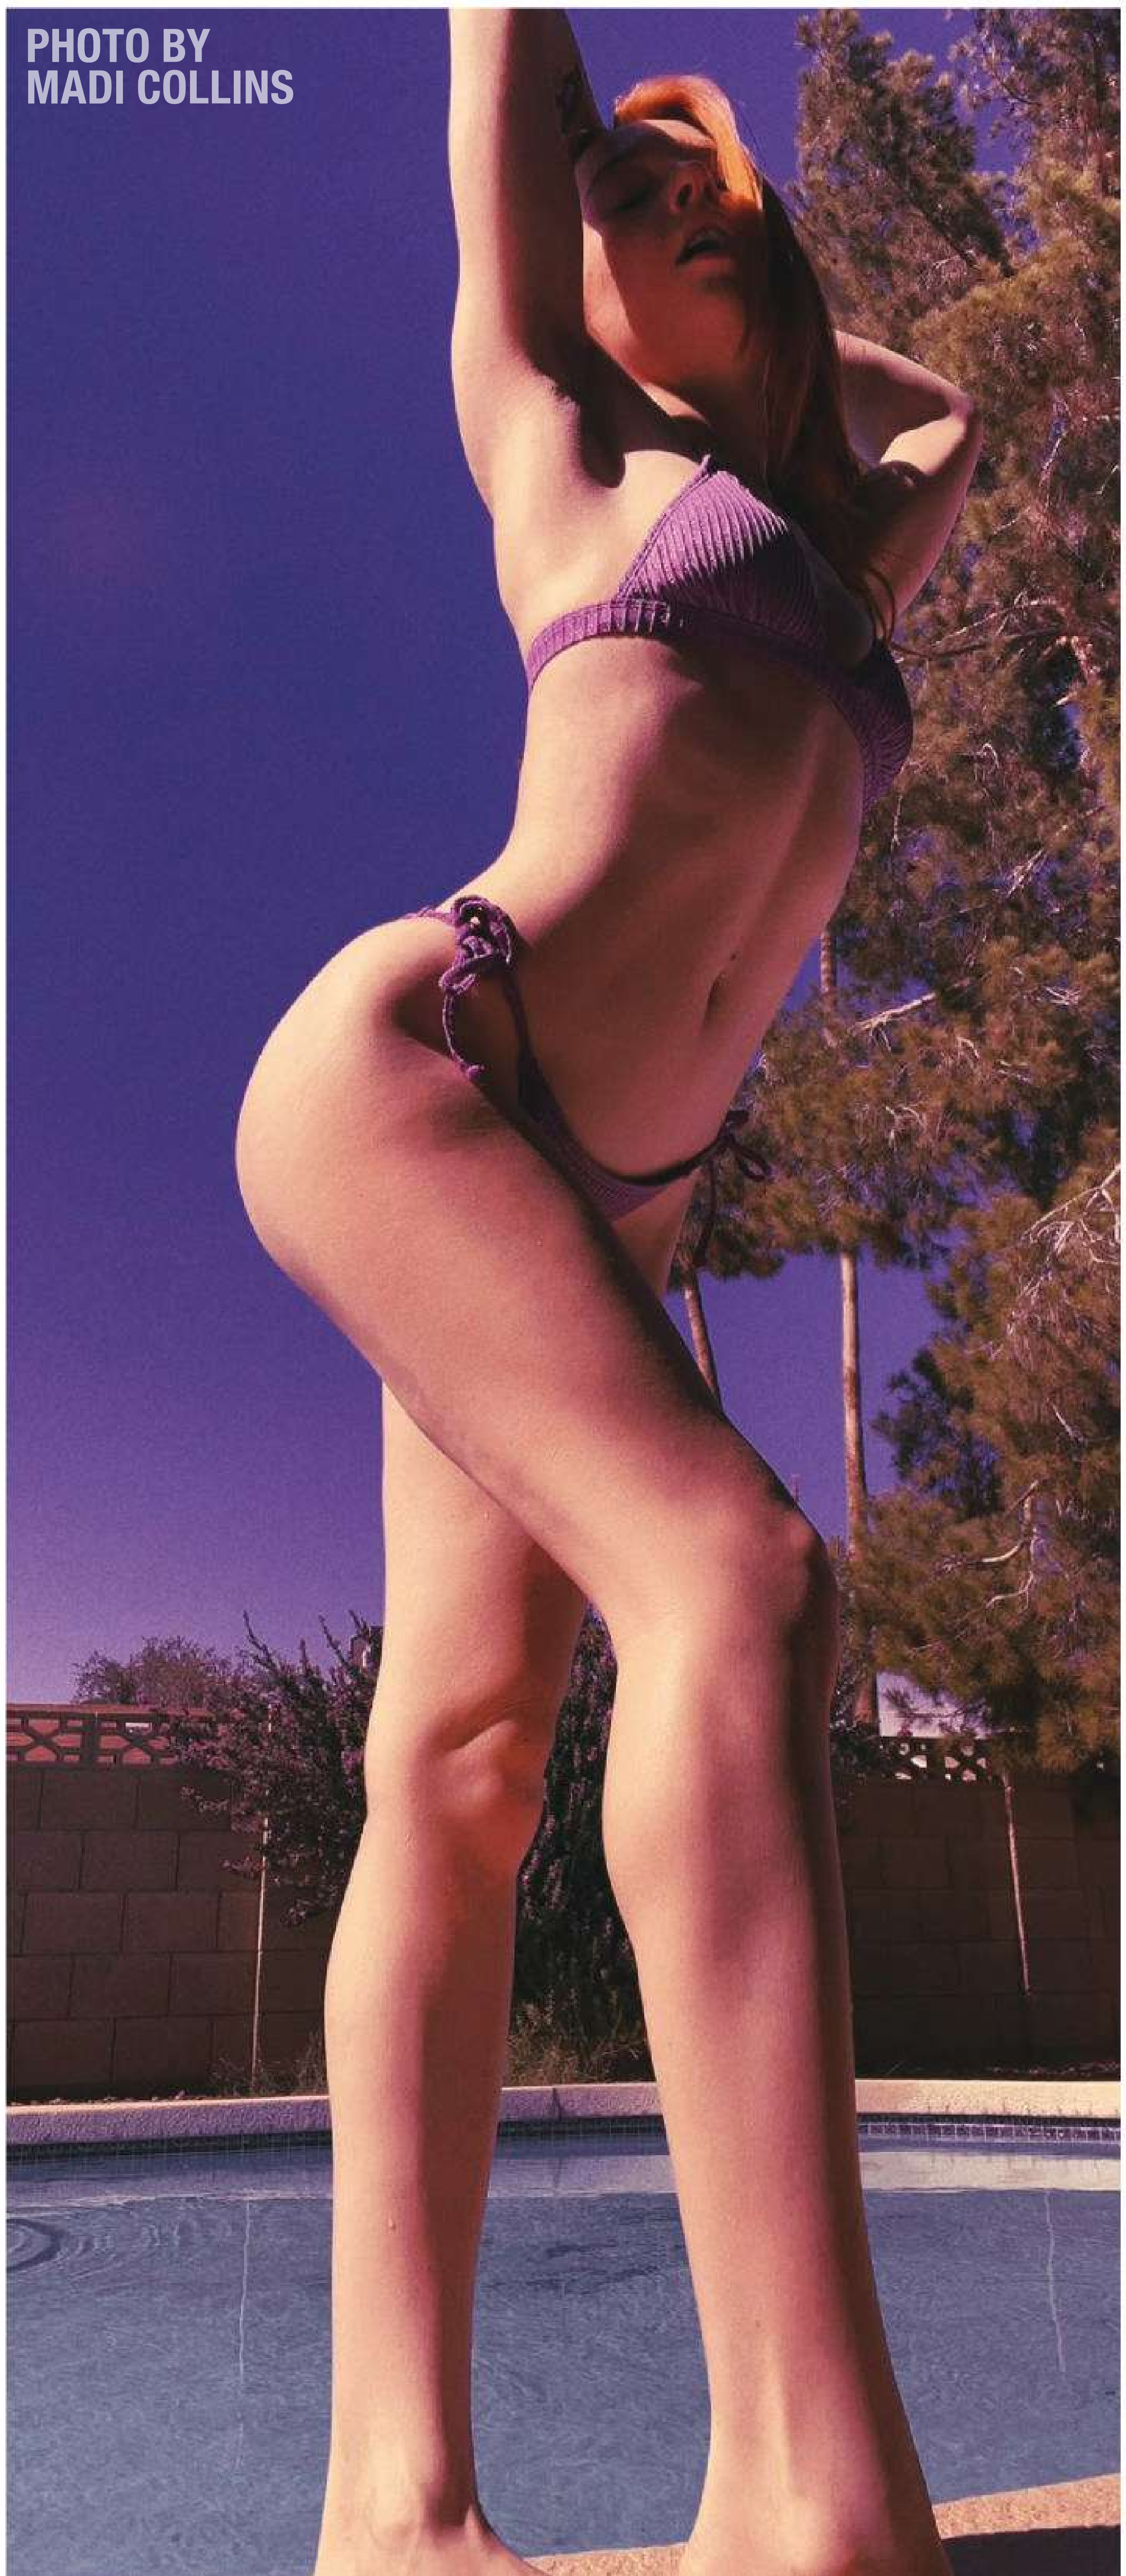

PHOTO BY
MADI COLLINS

I can see that in your work. You really own it.
When performing, I'm all about the director's vision and what the writer has created. And if that includes using size to my advantage, then I'm always happy to lend a hand…or mouth… You know where I'm going with this.

What is the key to projecting confidence and strength, both on- and off-screen?
No matter what your size, you can be the biggest person in the room. I learned a long time ago to stop giving a fuck, because nobody cares about your life nearly as much as you think they do—so why not live every day like it's your last? Life is too short to not believe in yourself.

People always ask if I play basketball. What stupid questions do you get?
The one comment I hear a lot and can do without: "Wow, you're so small, I could throw you across the room!" Personally, as someone who's been thrown all over a room in an attempt to be sexy, it's not sexy. Like, thanks, but this isn't the WWE, Mr. Stone Cold.

You're so cute—you must get carded all the time!
I get carded *all* the time, to the point where I have a small existential crisis if someone doesn't card me. My favorite "getting carded" story is that time I went to a sex shop in Las Vegas—I got asked for ID and simply held up a DVD with me on the cover, my legs spread wide. They ended up giving me a goodie bag and asked me to sign some stuff for the shop. It just goes to show, my work speaks for itself!

ROCKY MOUNTAIN HIGH

*There's no two ways about it: Rocky is the champ. A fetish-play heavyweight who definitely knows her way around a dungeon, **Rocky Emerson** is a low-key icon who stands tall above the tedious fray of normalcy. This 6-3 sex fiend with a submissive streak takes her height in stride as she brings your every fetish fantasy to life. In the greatest tête-à-tête since Frost/Nixon, Rocky reveals all as she faces off against ravenous redhead Madi Collins and her relentlessly cheerful interrogation. Will they see eye to eye?*

MADI COLLINS: I love your OnlyFans bio: "Horny Exhibitionist Porn Star." Me too! I'm always trying to find small nooks and crannies to shoot in—is that harder being a tall model? Not the nooks and crannies so much as finding places to shoot?
ROCKY EMERSON: Finding places to shoot can actually be a bit annoying, as I need larger rooms or higher ceilings to get nice photos or videos. It all depends on the look I'm going for. I also shoot outside a lot for my personal sites.

PHOTO BY CHRIS STREAMS

A lot of my scenes are size-related. Do you ever feel fetishized for your height?
My height is *absolutely* fetishized. Most of the time. It's kind of fun when it's not—a little vacation from being tall and intimidating or el-

egant or whatever. I often shoot with the shortest person available and in my biggest heels. Directors or photographers will even put me in a small room to further the effect. That being said, I don't mind at all. Work is work, and if people think my tallness is sexy, then I am going to give it to them!

I sometimes get weird comments about my height from male talent. Have you had similar experiences?
More often than not what I get is, "Oh, my God, I knew you were tall, but *damn*, that's tall." But rarely do I get any comments that are off-putting. Sometimes they'll ask me how to make positions work, since I am so long, and I just assure them I know what I'm doing and will adjust to their size.

Have you ever experienced talent not wanting to work with you due to your height? For example, a girl once pulled out of a scene with me because she was worried about looking "distorted" next to someone much shorter than her.
I have not experienced that. That makes me upset, to hear someone didn't work with you because of their own insecurities! I work with all people of all sizes—I have fun with it. And honestly, I think most girls want to look small; they like being next to me. Most guys I work with don't really care or at least haven't said anything to me about it. I can imagine how a smaller guy might not like it, but then again I am pretty submissive—they get to feel the power of turning this giantess into a drooling, command-abiding sex fiend.

I've seen some of your wrestling content and was wondering, have you ever grappled with someone my size? Was it an easy win, or did she have any tactical advantages to speak of?
I am a terrible wrestler! I get beat all the time. I only beat someone once, and they were my size. Maybe you and I should wrestle to see which size has the upper hand.

HOT BUTTON

*Don't let the smile fool you—when it comes to kink, height-related or otherwise, **Sarah Button** does not play around. Standing at 6-2, "Your Fav Aussie Slut" loves to explore BDSM power dynamics and delights in being showered in hot pee. It also bears mentioning that Sarah is one of the sweetest, funniest and sexiest sex workers we've ever encountered—and possibly the only one who shares an OnlyFans account with her mom? Vegas bachelor party specialist and hardcore cutie Kaiia Eve interviews our new crush from Down Under and gets to the bottom of Ms. Button's superhuman queefing skills.*

KAIIA EVE: One of the first things I noticed is...how you film content with your mom. Y'all have a joint OnlyFans account! What kind of content do you make? Also, do you get your height from your mom or your dad?
SARAH BUTTON: We mostly do side-by-side things, body comparisons and stuff like that. Honestly though, working with Mum is hard! Managing a parent never fails to give me a laugh while also challenging me; she's definitely a free spirit, my mum.

My parents are both 5-7, so the height surprised everyone. My whole family is short, but me and my brother are tall as trees.

What are the biggest differences between the Australian and >>

PHOTO BY JOHN PRYKE PHOTOS

U.S. porn scenes?
The sense of responsibility and professionalism. Over in the U.S. everyone is really strict about staying in the talent-testing bubble, which is why I love shooting over there. Over here we don't have the same kind of protocols, and it's not as easy to freely collaborate, but it's still fun!

You have a fansite dedicated to watersports. When and how did you realize you were into pee?
With watersports, I thought it was interesting how not many people were doing it—so of course I had to give it a try. When that first stream hit me, I was like, *Oh, this is fun!* Something about the look on a person's face while you genuinely enjoy their pee is so thrilling to me.

Speaking of fetishes, I saw your "human table" tweet. You're a domme, so I was wondering, do you enjoy power dynamics?
I'm definitely a switch! I love taking control of a man's holes when I can, but I also love pleasing through obedience and servitude. It all depends on the day. I also love that table top a lot.

How did you come to realize the benefits of being supertall?
In the beginning, I never took full advantage of my height; it's more of a recent thing. My whole shtick used to just be, "Australian girl does porn instead of law school." But being tall has really paid off—especially recently on TikTok, where I average anywhere between 10K and 5M views for super-cringey posts about my sex life. Now I'm embracing my verticality and walking around with my head held high. And it's been really nice! The only disadvantage is when I work with girls who are around four feet or so—there is a distinct sound barrier, and it's hard to chat standing up.

You know, I never considered that. Does being tall mean bigger feet? And do you get a lot of foot fetish requests?
It does! I have size-10 plonkers; I like to think they're the only thing that keeps me balanced. Guys love it, and I like it too, so it makes for a good time with my fans.

What is it like being able to queef on demand?!
It's so funny! I forgot I could do it. Then somehow a memory unlocked, and boom—queef central!

EVE OF SEDUCTION

Denver-born ***Kaiia Eve*** *(4-11) is the biggest little surprise in all of Las Vegas. A dancer who lights up bachelor parties at night, by day Kaiia is a virtuoso adult performer who takes her art very seriously. The darling and diminutive size queen is a formidable scene partner, not to mention a sniper-grade squirter who always hits her mark. In conversation with NOLA fetish model Blondi, a veritable Valkyrie in Daisy Dukes, Kaiia muses on the ups and downs of being close to the ground and how it's not a smart move to sell her short in the ring.*

BLONDI: What's it like being a petite performer? Has it worked to your advantage?
KAIIA EVE: My height has always been an advantage. Being under five feet definitely has its pluses. I'm small, so things just naturally look bigger around me. And when something is big, it *really* looks big. People are usually shocked to see how tiny I am IRL!

Does this make it easier to book gigs?
You know, it never really occurred to me because—to my knowledge—I've never been booked for a scene because of my size. I know there are sites that have tiny babes, but I've never worked with them

PHOTO BY CURTIS WALKER

PHOTO BY NUSI QUERO

—although I'd love to. Honestly, the most challenging thing I deal with is my tattoos; they definitely take me out of the running for some shoots, where they want talent with no ink.

What conversations are you having with your much larger scene partners before filming starts?
I am a size queen! I need lots of spit and lube; stretching out before going really hard in a scene is always a good idea. And by stretching out, I mean slowly putting a dick in me and gently stretching my pussy for like a minute or two before we go all the way. But I can usually get a ten-inch dick in me no problem. I'm also a squirter…so when I tell you to pull out, pull out!

What about the women you work with—are they usually close in size? Do you have a preference?
I work with babes of all sizes. I am what one would call a "lady's lady." I love women—all women, especially tall MILFs! They're my weakness.

Tell me about XXX wrestling. Is your size an advantage in the ring?
I kick ass in Evolved Wrestling! Well, most of the time. It really depends on my opponent's skill level. I'm getting better, but still pretty amateur. Once I have more technique locked down, my size will be my secret weapon.

Last June you tweeted how porn saved your life. What makes you happiest about being a performer?
That I can be my true self, run my own business my way and make art every single day. Maybe some people don't think what we do is art, but this shit is living, breathing beauty, and I cherish every single moment. At my core I'm an artist, and this is how I express myself. I understand how some people are less fortunate in their experiences with adult entertainment, which is why I feel so lucky for what this career has given me.

HALEY'S COMET

In the short time that she's been working in adult entertainment, ***Haley Spades*** *has proven herself a meteoric talent. The 4-8 spinner and star of your favorite faux stepdaughter video started out in the strip club, where being sexy and small means money in the bank. She's a pretty big deal with a very bright future, and we're excited to see her soar. Self-diagnosed horny porn star and occasional splosher Rocky "Trash Baby" Emerson may be a terrible wrestler (her words) but proves an exceptional interviewer as she methodically probes her petite pal.*

ROCKY EMERSON: You've been shooting for about a year and a half—what are some of your favorite memories and experiences so far?
HALEY SPADES: I'd have to say spending time with Coco Lovelock in Las Vegas and Los Angeles while we shot together for almost a week straight. She's one of my best friends, and we work so well together.

I see a lot of age play and taboo content on your Twitter. Is your size a factor?
This is definitely due to my size. When I joined the industry, I did so knowing how it would define my niche. While I'm totally cool with the taboo age-play stuff, I don't necessarily steer my own content in that direction. Every once in a while I might, but for the most part I keep my own content outside of that space.

When did you first realize your height would be a huge asset in this business?
When I started stripping at 18, that was when I knew my height could work to my advantage. People loved it inside the club and now also online. Why? Some clients just prefer petite women, I guess. I was highly sought after because I was so much shorter than everyone else around me…even in high heels! Still the case to this day.

Do you mind that your height influences your work? Do you >>

PHOTO BY CRISTINA CERNICENCO | IG: @PRIVATE_ROOMS_TAMPA

feel like you get typecast a lot, or do you embrace it?
I don't really mind at all! If I did mind, I probably wouldn't still be active today. I embrace it and love that my height is a big part of my identity—it suits me well and makes me unique.

How does height affect your interactions with others? Do people ever underestimate you?
I'd say about 50% of first-time interactions with fans and civilians are about my height. Sometimes it can come across as a bit rude, but I wouldn't say people underestimate me. Height isn't a personality trait.

Do you have a goal or objective in adult entertainment, whether it's working with certain studios or winning awards?
My goals include working my way up to shoot for all of the Vixen sites, land some monthly spotlights with my favorite companies—and win some awards, of course! For 2021 I already earned a couple fan nominations, and I have a feeling 2022 will be an amazing year for me and my career.

BLONDI'S BIG ADVENTURE

*Standing at an impressive 6-6—and that's not in heels, which she loves to wear—**Blondi** is a sight to behold. A native of New Orleans, the once shy teen turned touring fetish model loves to tower over the general population, and passersby can't help but stare in awe. Streamer, powerhouse performer and 4-8 sex bomb Haley Spades goes toe-to-toe with her statuesque contemporary as they talk Texas Foot Parties, vore and sourcing size-14 pumps.*

HALEY SPADES: I see you travel and tour. Do you find you're more recognizable because of your height?
BLONDI: Oddly enough, I have never been recognized while touring, but I did get approached once here in New Orleans by a fan who follows me on Instagram. I could tell he was very nervous but very excited to see me in person and ask for a picture. He said he wasn't sure it was me at first, but the height definitely gave it away.

Where does one buy size 14 shoes?
It is not easy for me to find shoes, especially at reasonable prices. I like to shop at Nordstrom Rack, shoeshowmega.com and LTS [Long Tall Sally] for my footwear. Sandals and open-toed heels are actually the easiest to find because a size down (13) will sometimes work depending on the shoe. I wear heels a lot, especially for the guys who like it.

How do fans want to experience your height and foot size? What kind of clips are they requesting?
I get mostly amazon-related content requests. It is such a broad category, and each one never fails to surprise me. I recently did an *Amazon Beat-Down* video that had a little bit of everything in the mix: height humiliation, height comparison, foot worship, mixed wrestling and domination.

You do fan meetups. What's it like, and are they always surprised to see you in person even though they already know how tall you are?
They're interesting, to say the least. It never fails though, the guys are always surprised to see me. They almost always say I look taller and prettier in person. I didn't think that was possible until I started traveling.

I saw a video clip of what looked like a foot fetish party you attended. Do you have a specialty to speak of? Trampling, foot worship, etc?
Yes! The Texas Foot Parties are my favorite. Guys and models come together from across the country to participate in all sorts of foot-related fun. If I had to pick a specialty, it would be foot worship. I started in this industry as a foot model—my first ever encounter with kink was at a Texas Foot Party, held every other month in different cities throughout the state. That's where I learned all about trampling, tickling and domination.

I've always been fascinated by fetishes like vore. Is this part of your repertoire?
Vore is one of the more interesting fetishes, for sure. I think since I am an amazon goddess, I tend to attract people who want vore content. Vore is similar to giantess fetish insofar as wanting to be shrunken down and used by a bigger person—or, in this case, swallowing them alive.

What makes you feel sexy?
I feel the most sexy when I'm around people who love my height more than I do. Growing up, I was picked on for being taller than everyone else; now I'm loved for it. I wouldn't dare wear heels back in the day; now I strap those bad boys on and feel like the hottest thing walking.

Guten Tag! It may surprise you to know that I was born in Germany and I used to be a competitive chess player. I chose the name Kitt because one of my favorite icons is Eartha Kitt, and I think of myself as a cheeky, optimistic comedian with an insatiable thirst for adventure. I'm also very nerdy, contrary to how I appear. If I'm not seeking out my next wild escapade, I'm researching relevant world-related topics, science, art… or simply streaming video games on Twitch. I am so into racing, especially Formula 1, so if you're reading this, Lewis Hamilton, message me! I'm working toward my racing license and hope to be ready to compete by the time this mag hits the stands.

"Deciding to go into the adult industry has truly been a journey of self-discovery. It was one of the best decisions I've ever made, all while being the hardest, leaving behind a cushy corporate job. I've grown in ways I couldn't have imagined, and I'm truly happy with where I am in life. My sex life is pretty kinky, but I have yet to do a complete power exchange. I'm saving that first time for Mr. Right. Instant turn-ons for me are dirty talk and the sound of a man's chesty moan.

"Finally, I got to tell you, I'm honored and grateful to be featured in HUSTLER, and I plan on framing this edition on my wall!"

THANKS FOR THONGS

This Thanksgiving HUSTLER expresses its deepest gratitude for that tiny magical strip of material: the thong. The way it teases, tantalizes, tortures, mesmerizes—fucks with your head until you beg for a glimpse of the treasures it's hiding. It defines and separates beautiful butt cheeks—hypnotizes as it disappears into the crack between. How can so little do so much? It is truly a wonder of the world. Thank you, Rudi Gernreich!

FEELS SO RIGHT

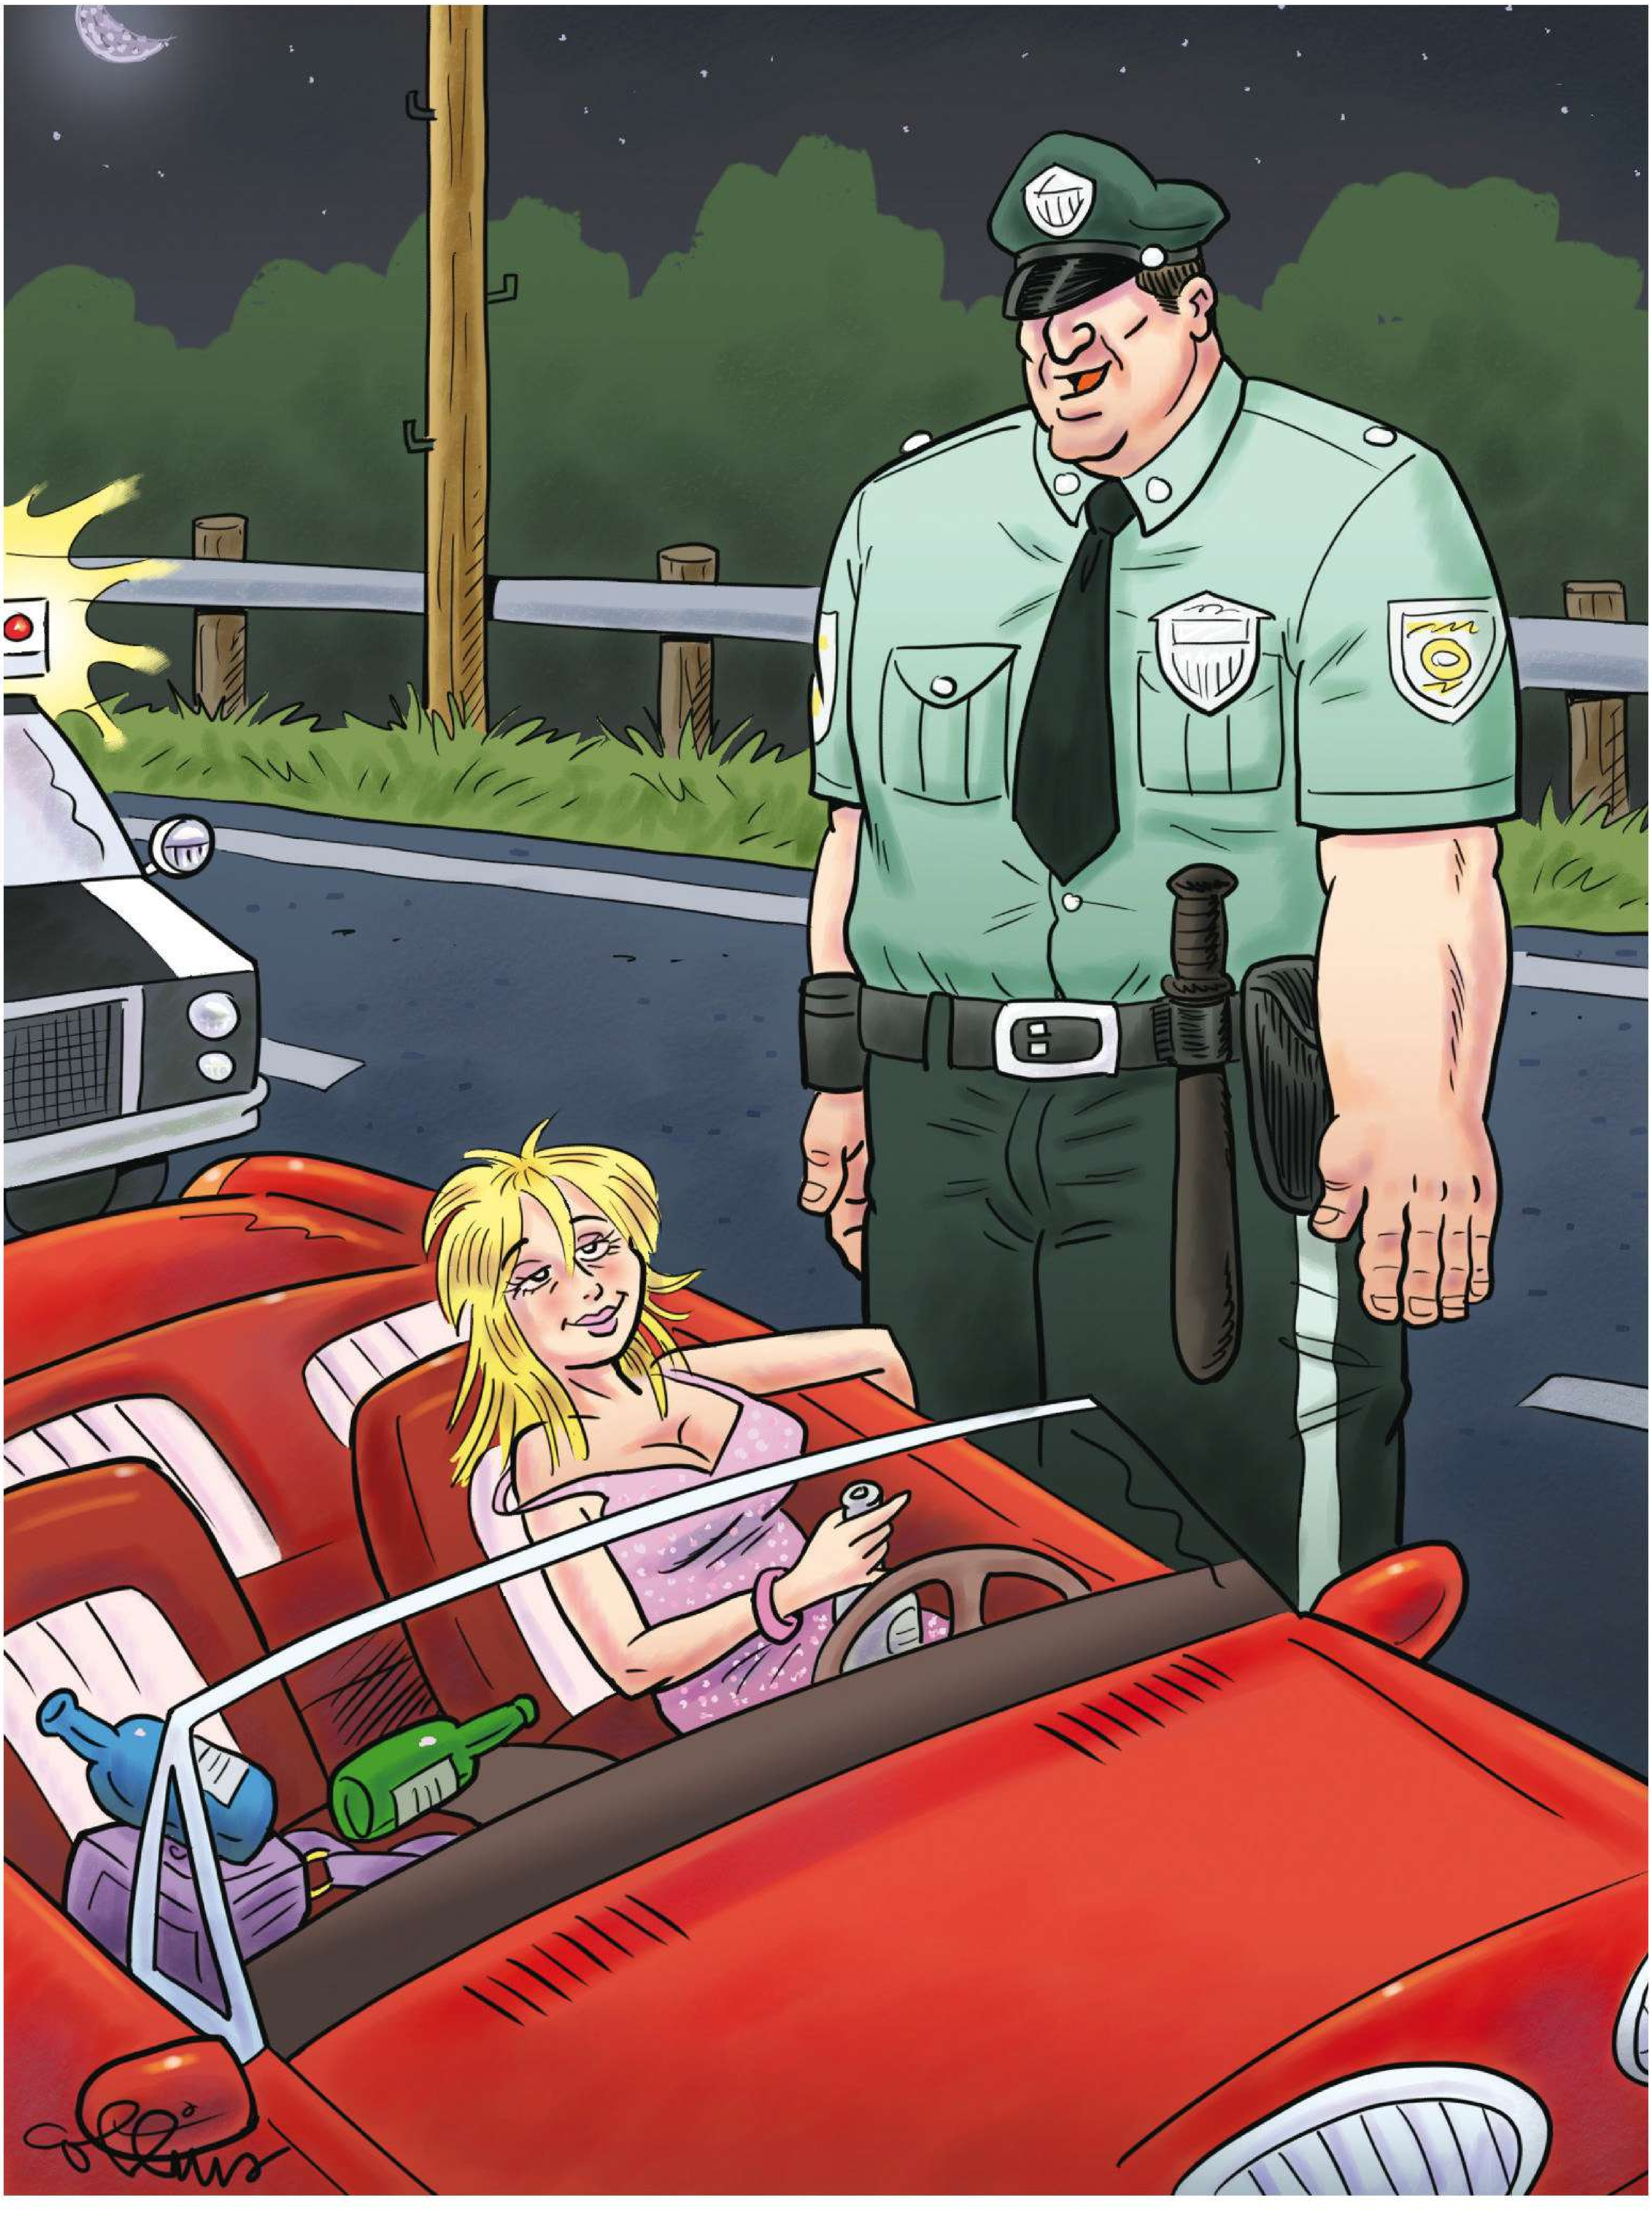
I used to do phone sex before I started camming. There were these online chatrooms, and I'd go in, have phone sex and masturbate with strangers I'd never encounter ever again. It was so hot! They didn't know who I was, and I didn't know who they were. We just used each other for sex, and God, I love sex. Eventually I decided to up the ante and perform on camera. I was like, I can get myself off and come…*and* get paid. It's been awesome.

"I remember asking my boyfriend at the time to help me cam. I was his little pet, and he was my Master. I like to be caressed one moment and then pushed around the next. I watch a lot of porn, and it gets me wet watching stars act dominant. I wanted to be taken like that, and I have! Watching porn and making porn—it feels so damn right, how can it be wrong?"



"I'm letting you off with a warning this time. And by 'warning,' I mean blowjob."

I'm a free spirit, bubbly and outgoing, and there is really nothing more important to me than family, friends and food. My guilty pleasures are pasta and tiramisu. Watching college football is great fun, and I will literally listen to any kind of music.

"Okay, now on to sex. My first threesome will forever be a vivid memory—I was superexcited to try something new. And I *love* PDA! I think making out in public is so sexy. My favorite place to fuck is definitely someone else's place. I like to mark my territory. Role-play is cool, if it's spontaneous—something about it is so hot in the moment. And when I'm fucking, I like being called a dirty slut. I put a ton of effort into my blowjobs, and these days, when I masturbate, I fantasize about lesbian sex. Oh, one more thing: I want my fans to know how much I love them—I am so grateful."

After taking golf lessons for two weeks, Paula felt ready for her first round. But while out on the course the young woman was stung by a bee. The pain was so intense that Paula headed back to the clubhouse.

On the way she ran into her instructor, Bill. Noticing her discomfort, the golf pro asked, "What's wrong?"

"I was stung by a bee," Paula whined.

"Where?"

"Between the first and second hole," Paula replied.

Bill nodded knowingly and said, "Your feet were too far apart."

Betty went to the cemetery every Saturday to water the flowers on her husband's grave. After the widow was finished, she always walked backward to her car. One day her friend Sally came along on the cemetery jaunt. As they were leaving the grave, Sally asked, "Why are you walking backward?"

"When Harry was alive," Betty explained, "he often told me, 'You've got such a great ass, it could bring a dead man back to life.' I'm not taking any chances."

Question: How do you know when you've had a great blowjob?

Answer: You have to burp the cocksucker to get your balls back.

Todd went to his psychiatrist and exclaimed, "Doc, you've got to help me! My wife is unfaithful. Every Friday night she goes to Larry's Bar and picks up men. In fact, she'll fuck anybody who asks her! I'm going crazy. What do you think I should do?"

"Relax," the shrink advised. "Take a deep breath and calm down."

"Okay, Doc," Todd responded. He took a deep breath and tried to chill.

"Now, tell me," the psychiatrist weighed in. "Where exactly is Larry's Bar?"

Alan was arrested for embezzlement and thrown in jail. The first night he shared a cell with a huge redneck named Bubba. "Yo, little man, you got a choice," Bubba grunted.

"Choice of what?" Alan meekly asked.

"You can be my husband or my wife," the redneck proposed.

After pondering the situation, Alan said, "I guess I'd rather be your husband."

"Dat's cool," Bubba barked. "Now come over here and suck your wife's big, fat dick."

Grace said to James, her fiancé, "I already told you—no sex before marriage."

"But you had sex with Mike, Greg, Rex and Toby," James pointed out.

"I didn't plan to marry those guys!" Grace shot back.

Question: What's the difference between your wife and your job?

Answer: After five years your job will still suck.

Dawn told her doctor, "My bottom hurts a lot right around the entrance."

"Young lady, your anus is an exit," the doctor cited. "As long as you call it an entrance, it will hurt."

ABORTION
IS NORMAL

JOYELLE NICOLE JOHNSON

“I HAD AN ABORTION”

FOUR COMEDIANS SHARE THEIR STORIES.

“Our body, our choice.” Conservatives like to use this slogan when it suits them—for example, to refuse life-saving vaccines. But when it applies to policing women’s reproductive rights, fuck autonomy, right? The GOP has been fighting the battle against a woman’s right to choose for decades, and this year they scored a huge win.

In May 2022, the nation learned that the Supreme Court intended to strike down *Roe* v. *Wade*, the landmark 1973 decision guaranteeing abortion rights at a federal level. *Politico* published the leaked draft opinion, wherein Justice Samuel Alito stated, “*Roe* was egregiously wrong from the start,” and the following day Chief Justice Roberts confirmed the opinion’s authenticity.

On Friday, June 24, *Roe* v. *Wade* was officially overturned by the Supreme Court, and as part of the majority decision, Justice Clarence Thomas wrote a concurring opinion urging his colleagues to consider overturning the landmark precedent cases protecting same-sex marriage, contraception and sodomy.

Though jarring, the news of the *Dobbs* v. *Jackson Women’s Health Organization* decision was not a surprise to those paying attention. Donald Trump appointed conservative Justice after conservative Justice during his term as President, as states slowly passed laws that made getting an abortion more and more difficult. Thankfully, not everyone is okay with the United States becoming the Republic of Gilead; millions have galvanized and are fighting back. Abortions have often been kept quiet, a secret to be closeted away. Yet one in four women in the United States will share that experience during her lifetime. One in four! Paramount to the fight for reproductive rights is the need to speak up and normalize the conversation surrounding abortion. Toward that end, HUSTLER interviewed four prominent comedians to recount their personal histories and explain why reproductive rights matter to everyone. These are their stories. >>

BY TERESA LO

MEGAN GAILEY

Megan Gailey is a stand-up comedian and writer. She has a half-hour special on Comedy Central and has appeared on Conan*, @Midnight and numerous other TV programs. Megan actively speaks out about abortion rights, and this year she gave birth to her first child.*

HUSTLER: When did you first decide to share your abortion story publicly?

> **WHEN I ANNOUNCED I WAS PREGNANT WITH MY SON, THERE WERE COMMENTS ON MY INSTAGRAM LIKE, 'OH. YOU DECIDED NOT TO KILL THIS ONE.'**

MEGAN GAILEY: Prior to the May 2022 leak. I went public about my abortion the last time abortion was under attack. I shared my story on a podcast where I'm a regular guest, called *Hysteria on Crooked Media*, and I also wrote a tweet thread that went viral. With Twitter, I had a lot of people, everyone from strangers to loved ones, reach out to me and say, "I've had an abortion, and I never told anybody."

Sharing an abortion story on the internet seems like it could have gone several ways. Were most people supportive?

I'd say 95% of the reaction was supportive, and 5% was dark and hateful. That viral tweet thread was from years ago, and I still have trolls pop up. Like when I announced I was pregnant with my son, there were comments on my Instagram like, "Oh. You decided not to kill this one." Those comments were from people I didn't know who remembered I had an abortion and at some point in their life was like, "Now is my time to come back and shine." They really played a long game.

Why are reproductive rights important to you?

They're important because abortion is personal to me. I had mine at a point in my life when I thought I was in the clear. I was 29. I was old in abortion years. So I was like, "Damn, this could happen to anyone at any time." Shortly after my abortion, I had the biggest break ever in my career. I really see that time as a fork in the road. My life could have gone two different ways. And I'm at peace with the choice I made. Everyone deserves to have that choice.

How did you come to the decision to have an abortion?
I was living in New York City and working as a nanny. I made $500 a week and didn't have health insurance. When I first found out that I was pregnant, I was shocked, because I was on birth control. I wanted to be a mother one day, but we would have been bringing a kid into an unstable situation.

Was it a struggle to pay for your abortion?
I didn't have the money to pay for the procedure. It would've been a week's wages. I also didn't feel comfortable asking my family to pay for it, so I went to a free clinic in the city.

Now I donate to abortion funds and to Planned Parenthood. I want to give money so people can travel, receive safe procedures, take time off work or get childcare. After my abortion, I wasn't able to work for days, which was a lot of money for me. Those few hundred dollars meant rent and food.

Did you feel like you were in danger at the free clinic?
When I was inside the clinic, there was bulletproof glass and a security guard. Even though I didn't have to walk through people, I was aware that there was a threat to the safety of people who worked there, just by providing this service. I knew that they could be harmed, or I could be harmed. And I remember how kind the security guard was. He was an older man, and he had either been trained to work with patients or he naturally had immense empathy. Whatever the reason, his kindness brought tears to my eyes. I was lucky to have been met with that and not psychopaths holding pictures of aborted fetuses outside.

Growing up, what were you taught about abortion?
I grew up in Indiana, and my family were lax Catholics. We went to church, but we were the type of family to leave early to avoid traffic. No one in my family ever said abortion was wrong, or immoral, or killing a baby; but the talk happening around me in the Bible Belt was very much that. However, I knew plenty of people in high school and college who had abortions, and now, when I post about abortion rights on social media, people from Indiana that I didn't even expect will respond with handclap emojis or the 100% emoji. These same people will teach Sunday school or have a Jesus quote in their bio, but they also want to let me know, "Hey, I'm with you, girl."

What do you think people can do to destigmatize abortion?
If more people come forward and talk about their abortions, that will help destigmatize it. Part of the reason I came forward was because I wanted to put a face to the act. I look like the sweet girl next door. I played tennis and golf in high school. I wanted to be a mother one day, and I'm now a mother. I'm not ashamed, and having an abortion was a part of my life.

MARGARET CHO

Margaret Cho is a comedian and a HUSTLER favorite. She's headlining a national tour this year and has starred in several TV and film projects, including Hulu's Fire Island*. Margaret has been an outspoken advocate for abortion rights since the 1990s, and she continues to use her platform to fight for reproductive rights.*

HUSTLER: What was your reaction to hearing that the Supreme Court overturned *Roe* v. *Wade*?
MARGARET CHO: Why are we going backwards? It's disgusting and depressing. There's no logic to it. Why are people trying to control women's bodies? There's nothing in the Bible that justifies banning abortion. And many people don't believe in the Bible. I don't! This is all just about control. And if antiabortionists really cared about saving lives, they'd ban guns.

You've been outspoken about reproductive rights for decades. Have you ever received any pushback?
I don't think I have. Everybody in my life is pro-choice. When I got my first abortion, I told a lot of people. I talked about it in my comedy, which in the '90s was outrageous and more controversial than it is today. But I didn't think it was such a big deal. I didn't have an emotional charge around pregnancy, and I never felt threatened talking about it. I've been more threatened with other topics, like being against the Iraq war or being anti-Trump. Around 2016, Trump defenders would show up at my shows or harass me online, but nowadays it's less so, because now it's embarrassing to be a part of that.

How old were you when you had your first abortion?
I was 27, and I did it in California, at a clinic that was referred to me by Planned Parenthood. The process was hard. It was physically painful and expensive. I paid about $1,000, which was a lot in the 1990s.

How did you make the decision to go through with your abortion?
I don't want children. To me, there are many things in my life that are not for me, and children is one of them. It wasn't in my plan. I've had three abortions, and I discussed them with my partners beforehand, but there was never any sense that I couldn't do the procedures. It was like, "This is what I am going to do." It was more about asking, "Who is going to pay for this?" And I ended up paying for each abortion myself.

>>

Were your other abortion experiences similar to your first?
I had a menstrual extraction in New York the second time, and my third abortion was done by my private gynecologist. Based on my experiences, the simplest procedure was the one that was not really promoted—menstrual extraction. Menstrual extraction is an early-term abortion that is a manual aspiration of the uterus that is pain-free, as opposed to a surgical abortion, where you have to go under, it's painful and has a long recovery time. Abortion can be simpler, less expensive and much more accessible; but it's made to be so physically taxing.

What can people do to fight for reproductive rights?
I think it's important to be really impolite and crass with our revolution. Oftentimes liberals don't want to dignify things with a response, but at this point we need to respond in a way that is strong and stern. If you see a protester, scream back at them. When I got my first abortion, I was warned that there could've been people outside trying to convince me otherwise. There weren't any, but I actually was welcoming the idea of them. I wish someone would've come at me. Like, "You go ahead. You try. You want to fuck with me when I'm getting an abortion!?" That seemed funny to me, because I would've been way more of a problem to them.

To those who are trying to fight this war cleanly, saying things like, "We'll vote on it," they need to know that that alone doesn't work. This is a really big threat to women, people of color and anyone outside of the Christian, conservative evangelical group.… Antiabortionists are at war with anyone who is outside their narrow way of thinking, and they're not actually pro-life. They're pro-Our Way. This is the beginning of the idea that you can pass legislation against women that controls what we can and can't do with our

> "I THINK IT'S IMPORTANT TO BE REALLY IMPOLITE AND CRASS WITH OUR REVOLUTION… WE NEED TO RESPOND IN A WAY THAT IS STRONG AND STERN. IF YOU SEE A PROTESTER, SCREAM BACK AT THEM."

bodies. It's opening the door. Marriage equality could be taken away next. So could equal pay. Basically any kind of equality is at risk.

DANIELLE PEREZ

Danielle Perez is a comedian and actress, and in 2021 she was named a Fresh Face at the Just for Laughs Festival. Danielle talks about her abortion in her stand-up, and she has performed this piece on stage around the country.

HUSTLER: I saw you speak about your abortion at a show in North Hollywood in 2021, and I loved its honesty and how you made a hard situation funny. What was the reaction to you sharing this in other parts of the country?
DANIELLE PEREZ: I've been doing the abortion bit since 2018, and the reception is mostly positive. For instance, I did a show at the Hollywood Improv Lab, and Nick Kroll saw it and invited me to do his show at Largo. I only remember one time where a room tightened. I was in Atlanta, and one person got up and left. They didn't say a word, but I could see on their face that they were upset.

How did you get the courage to keep going in front of that audience?
I don't know if it was necessarily courage, but for me, stand-up is an empowering act. As a disabled woman of color, there aren't many spaces where I get to be the sole voice in a room where I'm being listened to. When I'm onstage, I have a microphone and I'm commanding attention. I feel like it's my opportunity to share my truth and bring joy and laughter to people. If people get upset, then I'm like, "Buckle up. That's life."

When did you have an abortion?
I had my abortion eight years ago. I was 30, and I did it in Pasadena, California, at the Planned Parenthood. I was lucky that I was privileged enough where I could pay for the procedure on my credit card and not be put into a financial bind.

Did your partner help you with the costs?
They went with me as emotional support when I had the abortion, but they didn't have the means to financially contribute. We were dating and not careful with contraceptives. When I didn't get my period, I was like, "Uh-oh."

Was there any time when you considered keeping the baby?
I don't want to have kids, and my partner and I at the time were on a downward trajectory in our relationship. We were not ready to be parents, and after the abortion, we broke up shortly after.

With the constant attack of Planned Parenthood by anti-choice protesters, how does that make you feel?
For me, Planned Parenthood is a real saving grace. I know so many women who have used Planned Parenthood when they couldn't go to their regular healthcare provider. And before my abortion, I had visited Planned Parenthood for STD testing and to get a morning-after pill. They're affordable, accessible and treat their patients without judgment.

When I got my abortion, I remember how they asked me a lot of questions to make sure that I wasn't being coerced or abused. I appreciated that they cared to know about my interpersonal relationships before I moved forward with my decision. And I felt like the people at Planned Parenthood were really kind and treated me with respect. They offer compassionate care, and I wish laws were passed to protect providers from attack. Imagine if protesters behaved at hospitals like they do in front of abortion clinics? No way would anyone allow that.

Did you encounter any protesters during your abortion?
The clinic I went to is on a main street, so I've actually seen protesters there in the past and didn't realize what was happening. But the day I had my appointment, it was calm. If I did encounter protesters, I would've still went in, and I wonder how they would've reacted to seeing me, a disabled woman with no feet. Because of my disability, people treat me bizarrely. I wonder what a strange religious zealot would have to say.

Did you grow up religious?
I was raised Catholic and went to a Catholic elementary school and Catholic high school. But as an adult, I don't have a ton of Catholic guilt. I don't go to church regularly. I'm okay with my distance from the church.

Growing up, I was taught that life began at conception, and in high school a teacher showed a video of a late-term abortion. It was graphic in its depiction of dismembering a fetus. I remember that everyone's parents had to sign a permission slip to watch the video, but the school kept showing it. Other than that, conversations about sex, pregnancy and abortion weren't really talked about.

Before my abortion, I was already pro-choice, but I never wanted to actually have an abortion. I didn't want to ever be pregnant, but I also didn't want to go through with a medical procedure and have to recover.

My parents are progressive, and abortion wasn't a shameful act, but anything sex was something no one brought up. I think sex education is important, and it should be done incrementally based on where the young person is at in their development. Sex ed needs to be more than just one day dividing the boys and girls in fourth grade and telling them they need to wear deodorant.

Did you tell anyone about your abortion before you started talking about it in your stand-up?
My close friends knew. My parents didn't. Only after they came to a show did they find out, and their reaction was just, "Oh, okay. We learned something new about Danielle." They learn a lot of stuff about me onstage.

Overall, I don't think there should be shame or stigma with having >>

an abortion, but I know there are now people out there who think I'm a bad person and I'm going to hell. It's still sad that there are people who think that I am a bad person because of the choice that I made. There's so many other reasons to think I'm a bad person.

> “IT'S STILL SAD THAT THERE ARE PEOPLE WHO THINK THAT I AM A BAD PERSON BECAUSE OF THE CHOICE THAT I MADE. THERE'S SO MANY OTHER REASONS TO THINK I'M A BAD PERSON.”

JOYELLE NICOLE JOHNSON

Joyelle Nicole Johnson is a comedian-writer-actress. Her stand-up special Love Joy *on Peacock was nominated for a Critics Choice Award, and her comedy album* Yell Joy *was released on Juneteenth 2021. Joyelle tours the country with Abortion Access Front, a team of creatives who seek to destigmatize abortion through humor. The group was founded by Lizz Winstead, cocreator of Comedy Central's* The Daily Show*.*

HUSTLER: Why do abortion rights matter to you?

JOYELLE NICOLE JOHNSON: They matter because I had an abortion. I did it when I was in college. With my circumstances, my mother said she'd help me take care of the baby, and I was about to graduate, so I could have given birth during the summer. I could have gone through with the pregnancy… but I just didn't want to. I wanted to have my life and my career, and I didn't want to have to struggle and resent a child. My parents both didn't necessarily want to have me, and I didn't want to put that onto another human being. I made

DANIELLE PEREZ

that choice, and I had and have no issues with it.

It sounds like you were able to openly communicate with your mother about your pregnancy. Were you as open with her about your abortion?
My deadbeat dad was an OB/GYN, and my mom was his nurse. That's how they met. So during my childhood, I always knew what abortions were, and my mother always taught me that they weren't wrong. Fast-forward to when I needed one. Since my mom was a nurse, she knew all the doctors who performed the procedure. I ended up going to a private family doctor. There weren't any protesters outside. I like to say that I had a fancy, rich, white lady abortion. Having gone through that, I acknowledge my privilege, and I want that for everyone who wants it.

What was your reaction to hearing the news that *Roe* v. *Wade* was going to be overturned?
I'd describe it like this: Have you ever been so mad that you're calm? I'm at that level of mad, where it's like, *Okay. Everyone in the movement was expecting this.* When Trump got elected, I remember telling people, "The biggest thing to watch out for is the Supreme Court. It'll affect everyone." Democrats still have the White House and Congress, and still nothing is being done. The Supreme Court is showing us that, yes, we can go back into the Dark Ages. I'm upset, but I'm never going to stop fighting.

What have you done as part of the Abortion Access Front?
One of the things Abortion Access Front does is go to red states, and we'll perform comedy shows and escort women into clinics. One of the things I've learned doing this is that the protesters holding up antiabortion signs can get distracted if you just go up and talk to them. They like to hear their own voices, and I realized that when you engage them in conversation, they can't yell at the women walking into the clinics!

What's one of the strangest conversations you've had with an antiabortion protester?
Once a man yelled at me—I can't remember which state I was in, but I was on a tour of 16 red states and the blue cities within the red states. This dude was yelling at me about murder, and he had an erection! I didn't notice, but one of my friends was filming it and was like, "Did you notice he had an erection?" And I was like, "Ewww, no. I was not looking at his crotch." So homie was getting off by yelling at me.

Have you ever engaged with an antiabortion protester where they have made any type of sense?
No, most of them don't make sense. I was in Mississippi once, and I was talking to a woman, and she was talking about adoption being an option. And I was like, "Oh, easy question. How many babies have you adopted?" And she said, "Well, there aren't any available." I mean, I laughed so hard. That was a softball question, and she couldn't even lie to me! She could've been like, "I adopted three!" I wouldn't know. But all the antiabortion arguments, I've heard them all, and I have responses to all of them. I am not NOT antagonistic when it comes to antiabortion protesters.

What do you recommend for anyone who wants to help fight for reproductive rights?
I tell people to support abortion funds. Abortion funds go directly to the women on the ground in states like Oklahoma or Texas who need things like childcare or transportation to get out of town. The National Network of Abortion Funds is the biggest, but each state has individual ones.

Shout Your Abortion, another organization that wants more women to be vocal about abortion to destigmatize the word, is pushing the abortion pill right now because it can save a lot of women. If you're a woman in a red state, have some pills on hand.

Lastly, men should also speak up and tell their abortion stories. Women can't get pregnant without men, and not enough men are talking about the abortions that saved them as well. Abortion isn't an issue that affects only women. It affects everyone.

COCO LOVELOCK

MY BLACK PROFESSOR TAUGHT ME TO SQUIRT

HUSTLER VIDEO. **DIRECTOR:** FUMIGALLI. **STARRING:** KEIRA CROFT, COCO LOVELOCK, KIMMY KIMM, KHLOE KAPRI, JAMIE KNOXX, MUSA PHOENIX, BOBBY ADORE & ALEX JONES.

The right-wing knuckle-draggers who get their MAGA-branded panties in a twist over critical race theory are going to definitely have a problem with *My Black Professor Taught Me to Squirt*. They'll want to fire off an angry missive on Truth Social about it—the problem is, their hands will be too busy fondling their tiny maggot-dicks to do so. It's hard to fault them on that last count though, as there's plenty of prime jerk fodder here. Sparkly-eyed brunette Keira Croft is struggling with her math homework in her parents' living room when her professor wanders in to check on her progress. It's not entirely clear why her teacher is in her family's house, but no matter—it's porn, where suspension of disbelief is as necessary as lotion and tissues. Pretty soon they're working on a long-division equation, figuring out how many times he goes into her. (That's some math humor for you, folks.) Before long, his mighty ebony meat mast is drilling her snatch until a font of wisdom—or at least a spray of she-jizz—gushes forth from her nether cleft. Croft spills so much fluid from her fuck box, it's a wonder she doesn't pass out from dehydration. Tiny blond nymphet Coco Lovelock throws off a total Lolita vibe, sporting an enchanting combination of innocence and carnal abandon. Resting her pretty head on her desk, she falls into a slumber and slips into a dream in which her professor's beef baton taps a gusher in her girl trench that makes Old Faithful look like a leaky sink faucet. Willowy, brace-faced blonde Khloe Kapri frigs her clit and sprays her slit shower right into her professor's mouth before he returns the favor and douses her pretty mug with nad nectar. *My Black Professor Taught Me to Squirt* offers a teachable moment about wet and wild times; you'll want to study superhard, so order today at **AdultDVDEmpire.com**. **—Pico D. CAITLIN BELL

LASIRENA69

SUPER STACKED

JULES JORDAN VIDEO. DIRECTOR: MANUEL FERRARA. STARRING: CAITLIN BELL, KATALINA KYLE, KENZIE ANNE, LASIRENA69 & MANUEL FERRARA.

With its top-heavy array of talent, *Super Stacked* promises mounds of fun. And it largely delivers on that promise, though there's some slogging involved before the viewer reaches the masturbatory mountaintop. Blond bra-buster Caitlin Bell is pretty enough, though her massive dairy domes seem of questionable provenance, jutting from her chest like a pair of volleyballs. After an unnecessarily lengthy pre-sex tease sequence (memo to the editing room: don't bore us; get to the chorus), relentless cock slinger Manuel Ferrara swoops in to ramp up the action. Ferrara's cock saws away in Bell's cleavage like he's competing in the Lumberjack World Championships before he finally taps into her twat and approaches his seed-spilling mission with laserlike focus and fierce determination. After a while, though, the scene begins to drag with the mechanical weariness of a Soviet-era industrial training video. Luckily, a scene featuring Katalina Kyle fares better. There's nothing fake about this mountain-mammed stunner—her body is all heart-stopping curves, like a racetrack that might kill you, but is worth the risk. Kyle's mammoth milkers sway with a pendulous majesty that's mesmerizing, and Ferrara brings his anal A-game, hammering Katalina's colon like a hired goon working over a deadbeat. Some much-welcome diversity arrives in the shapely form of Latina vixen LaSirena69, whose unusual nom de porn isn't her only attention-grabbing attribute. Providing a nice contrast to the Big-Boob Blonde Brigade that preceded her, LaSirena69 sports a bombshell body topped with eye-popping casabas that pitch and roll wondrously as Ferrara pounds her twat. Despite some sagging moments, *Super Stacked* will provide a nice lift to teat-meat aficionados. **—P.D.R.**

EMILY ADDISON

HUSTLER'S HORNY SWINGERS 2

HUSTLER VIDEO. DIRECTOR: B. SKOW. STARRING: KATIE MORGAN, LILY LARIMAR, EMMA STARLETTO, EMILY ADDISON, RYAN McLANE, TONY LOVELOCKS, DAMON DICE & RION KING.

Youth, it's been said, is wasted on the young. That maxim doesn't apply to *HUSTLER Horny Swingers 2: Seducing Young Couples*, a fleshy collision of innocence and experience that fills the generation gap with sweat, jizz and pussy juice. The setup here is simple enough: A seasoned couple, on the prowl for new meat, invites a pair of fresh-faced fuckers over to their lair and pounces on them with the carnal fervor of a hormone-injected Tasmanian devil. Adorable blond stringbean Lily Larimar and her beau swing by the abode of XXX-perienced sexpot Katie Morgan, where she and her man await to sip from the fountain of youth via their guests' naughty bits. After some nice-to-meet-you conversation served up with a side dish of awkwardness, Lily pairs up with Mr. Middle-Age Crisis in the living room, while Katie scurries off to a bedroom with her stiff-loined prey. Following some light S&M with her older, firm-handed partner, Lily takes to his cock like a fawn to a salt lick. Lily's partner, in turn, mounts her like a 12-point buck in the thick of mating season. Meanwhile, Katie Morgan assails her young bedmate, dropping a swollen tit into his mouth as if nourishing him for the ferocious fuck to come. Whether you're a greenhorn with a lust for seasoned snatch or a young filly with a hankering for daddy-age dick, *HUSTLER's Horny Swingers 2: Seducing Young Couples* is a ride you'll be happy to take. Order today at **AdultDVDEmpire.com**. **—P.D.R.**

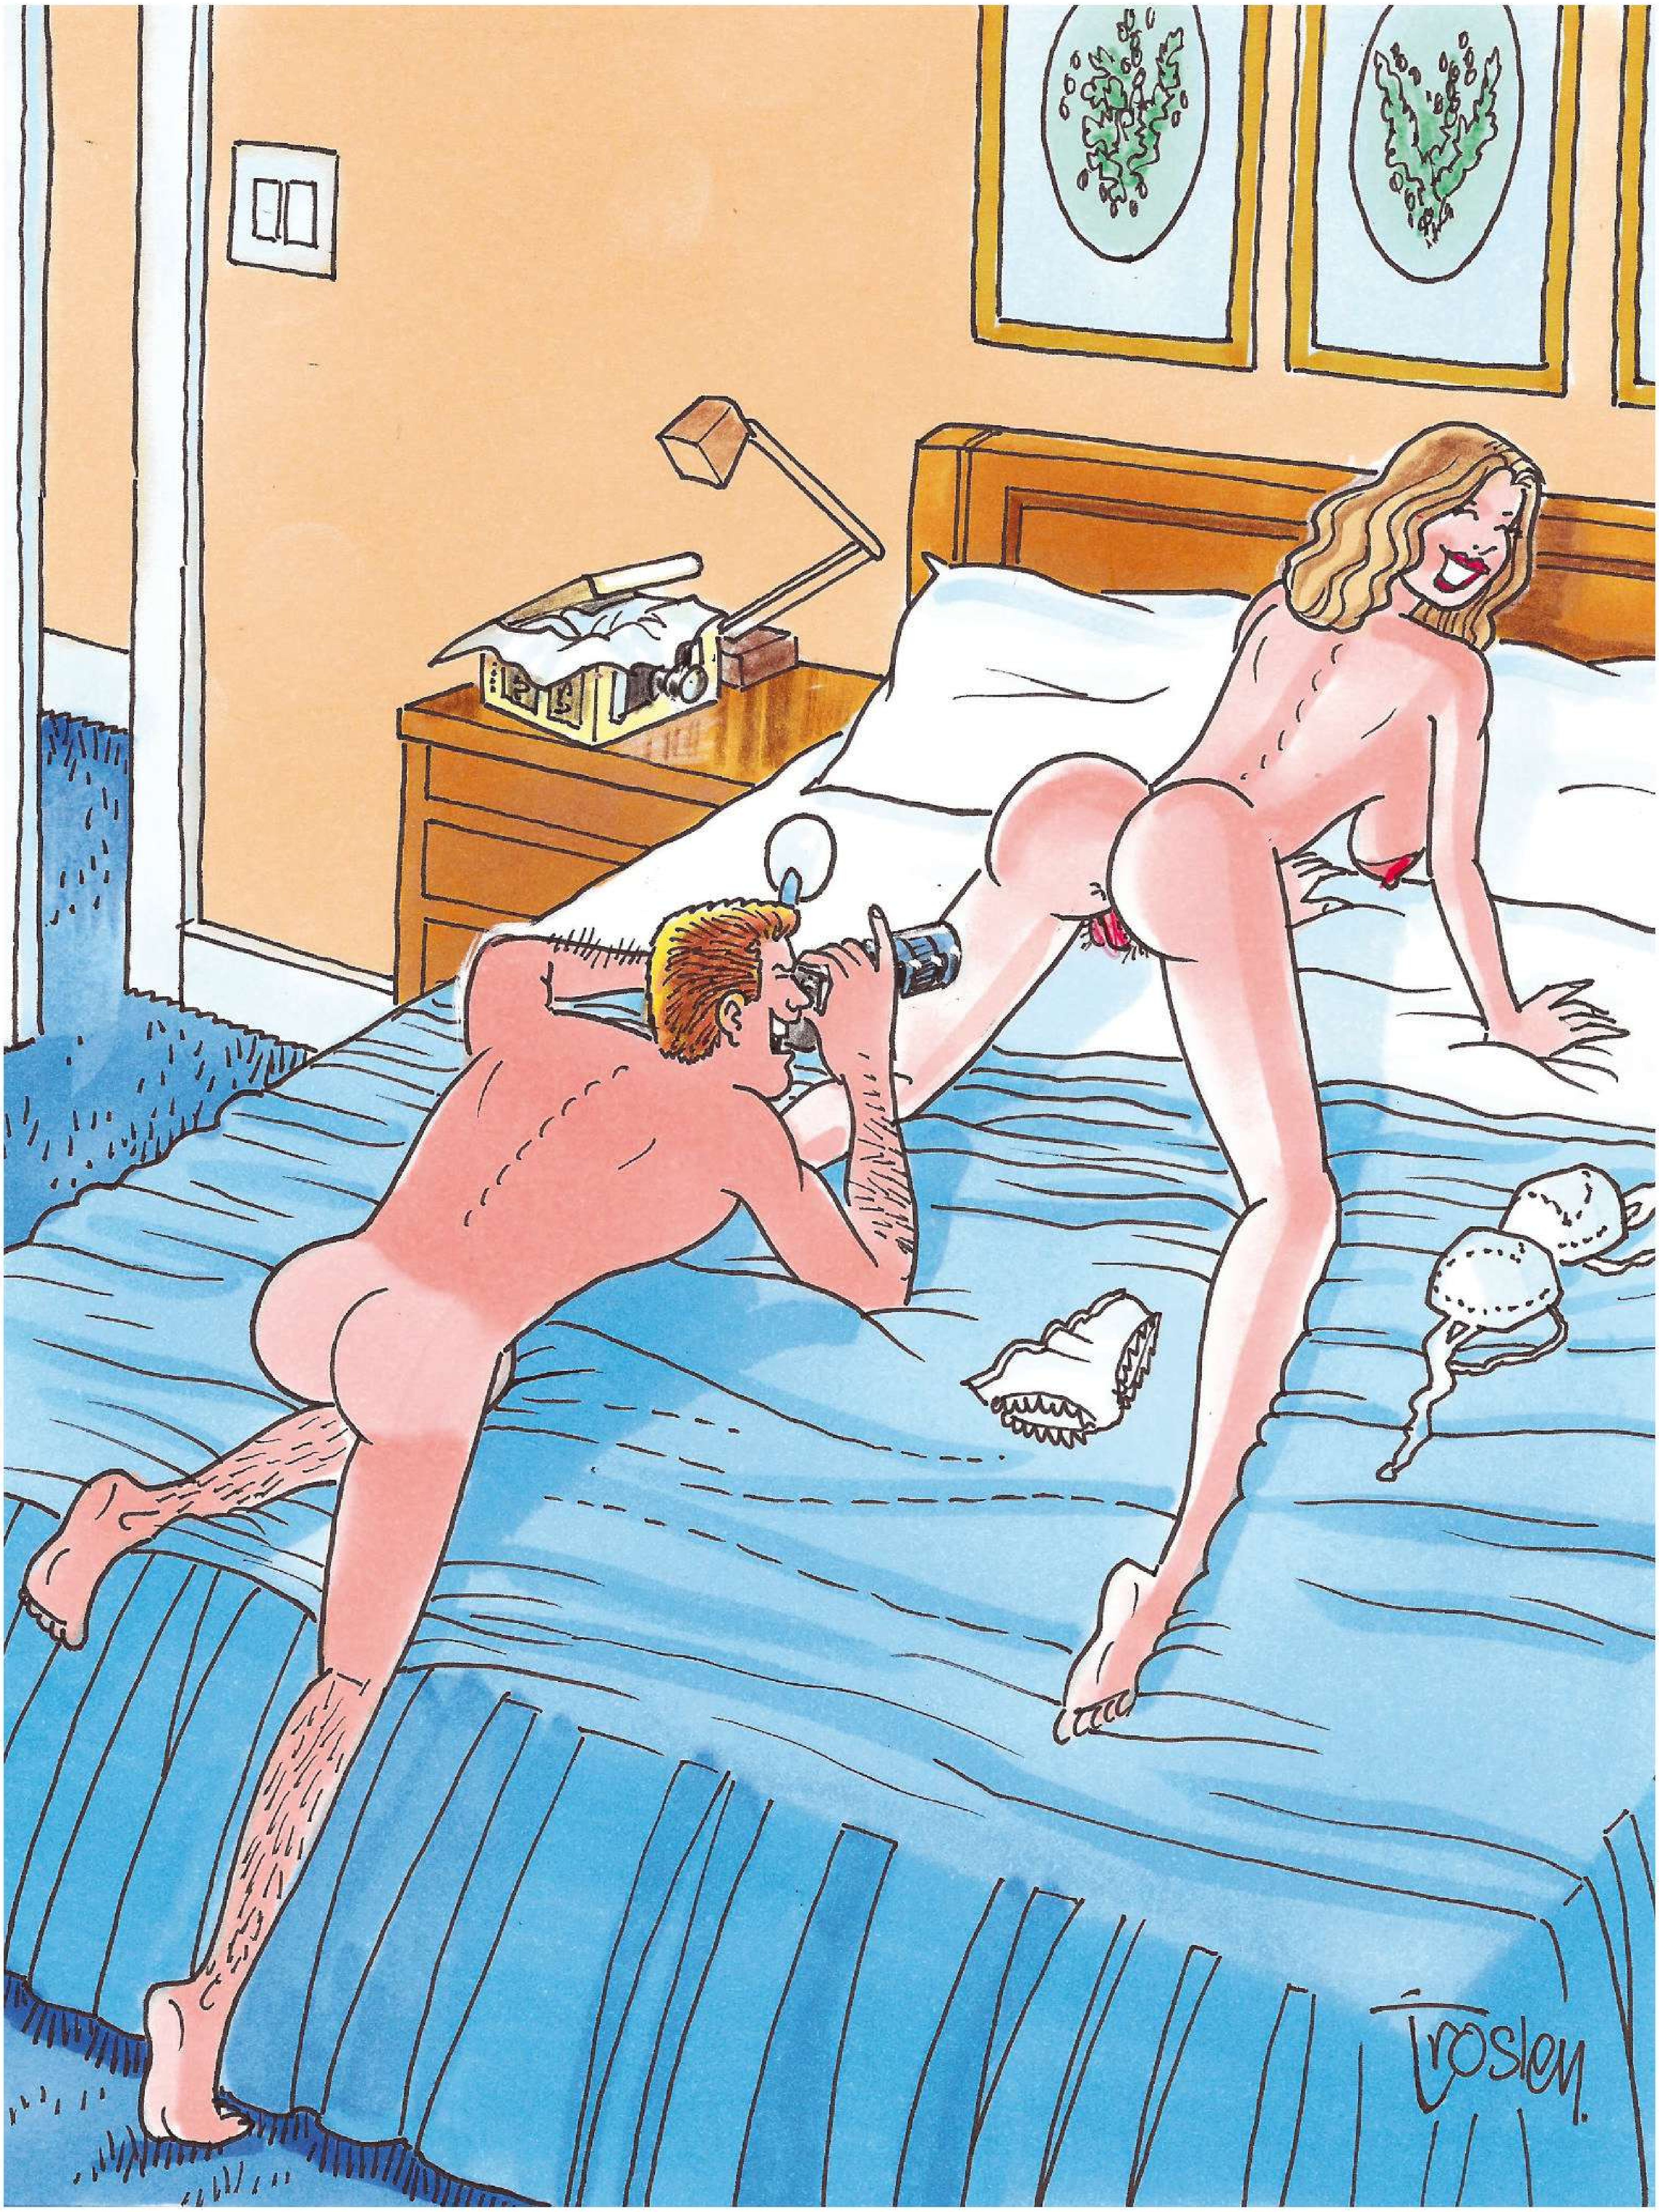
GIRLS INTO GIRLS

PHOTOGRAPHY BY
LARRY FLYNT PRODUCTIONS

The first time I was with a girl, it started with kissing, and it just felt really good. After that I did it all the time! At every party, there I was, making out with some pretty friend. My first time going all the way with a girl was when I was drunk and lit. She had a dildo in her purse, and we just went at it. I've been a nympho for chicks ever since! It turns me on to play with them, to touch them and hear them moan." **—Serene**

After college I moved to New York City, where I met some cool girls, and we had book club get-togethers…that turned into orgies! Every month we would meet to discuss a book, but somehow, come the end of the evening, we'd all be having sex with each other. Or spanking each other! My first year in New York was all about sexual discovery. I got into bondage and group sex. Even today I continue to push my boundaries. I am so into anal that if anyone touches back there, I orgasm instantly!" **—Mackenzie**



"I just got this camera, and already I'm a crack photographer!"

AUGUSTINE

"I was a figure model for my college's art classes and discovered that I love posing nude," says Augustine, 28, a psychology major from Chicago, Illinois. "The women appearing in HUSTLER are hot and powerful sex icons, so I had to give it a try." The bodacious Windy City denizen reveals more than her 5-foot-5 body: "I have a curious, enthusiastic and supportive personality," Augustine relates. "I strive to make friends feel like the most important person in the room. As for hobbies, I enjoy listening to vinyl records, playing drums, hiking, taking road trips, reading and baking." Turning to her short 'n' curlies, Augustine notes, "I recently started growing out the bush again, and I've been loving it so much! I don't think I'll ever go back to shaving. In addition to digging '70s music, I love porn from that era. The more pubic hair, the better!" Augustine wraps things up with her amorous kicks: "I may look sweet and innocent, but I'm a bi femme who's dominant and provocative. Taking charge, I make sure that sex is a fun experience for everyone involved. I'm attracted to passionate people who are unapologetically themselves. And I'm a total freak for kinks and fetishes! Foot worship is my favorite, but I'm also into role-playing and bondage."

—Photos by Felicia Fisher

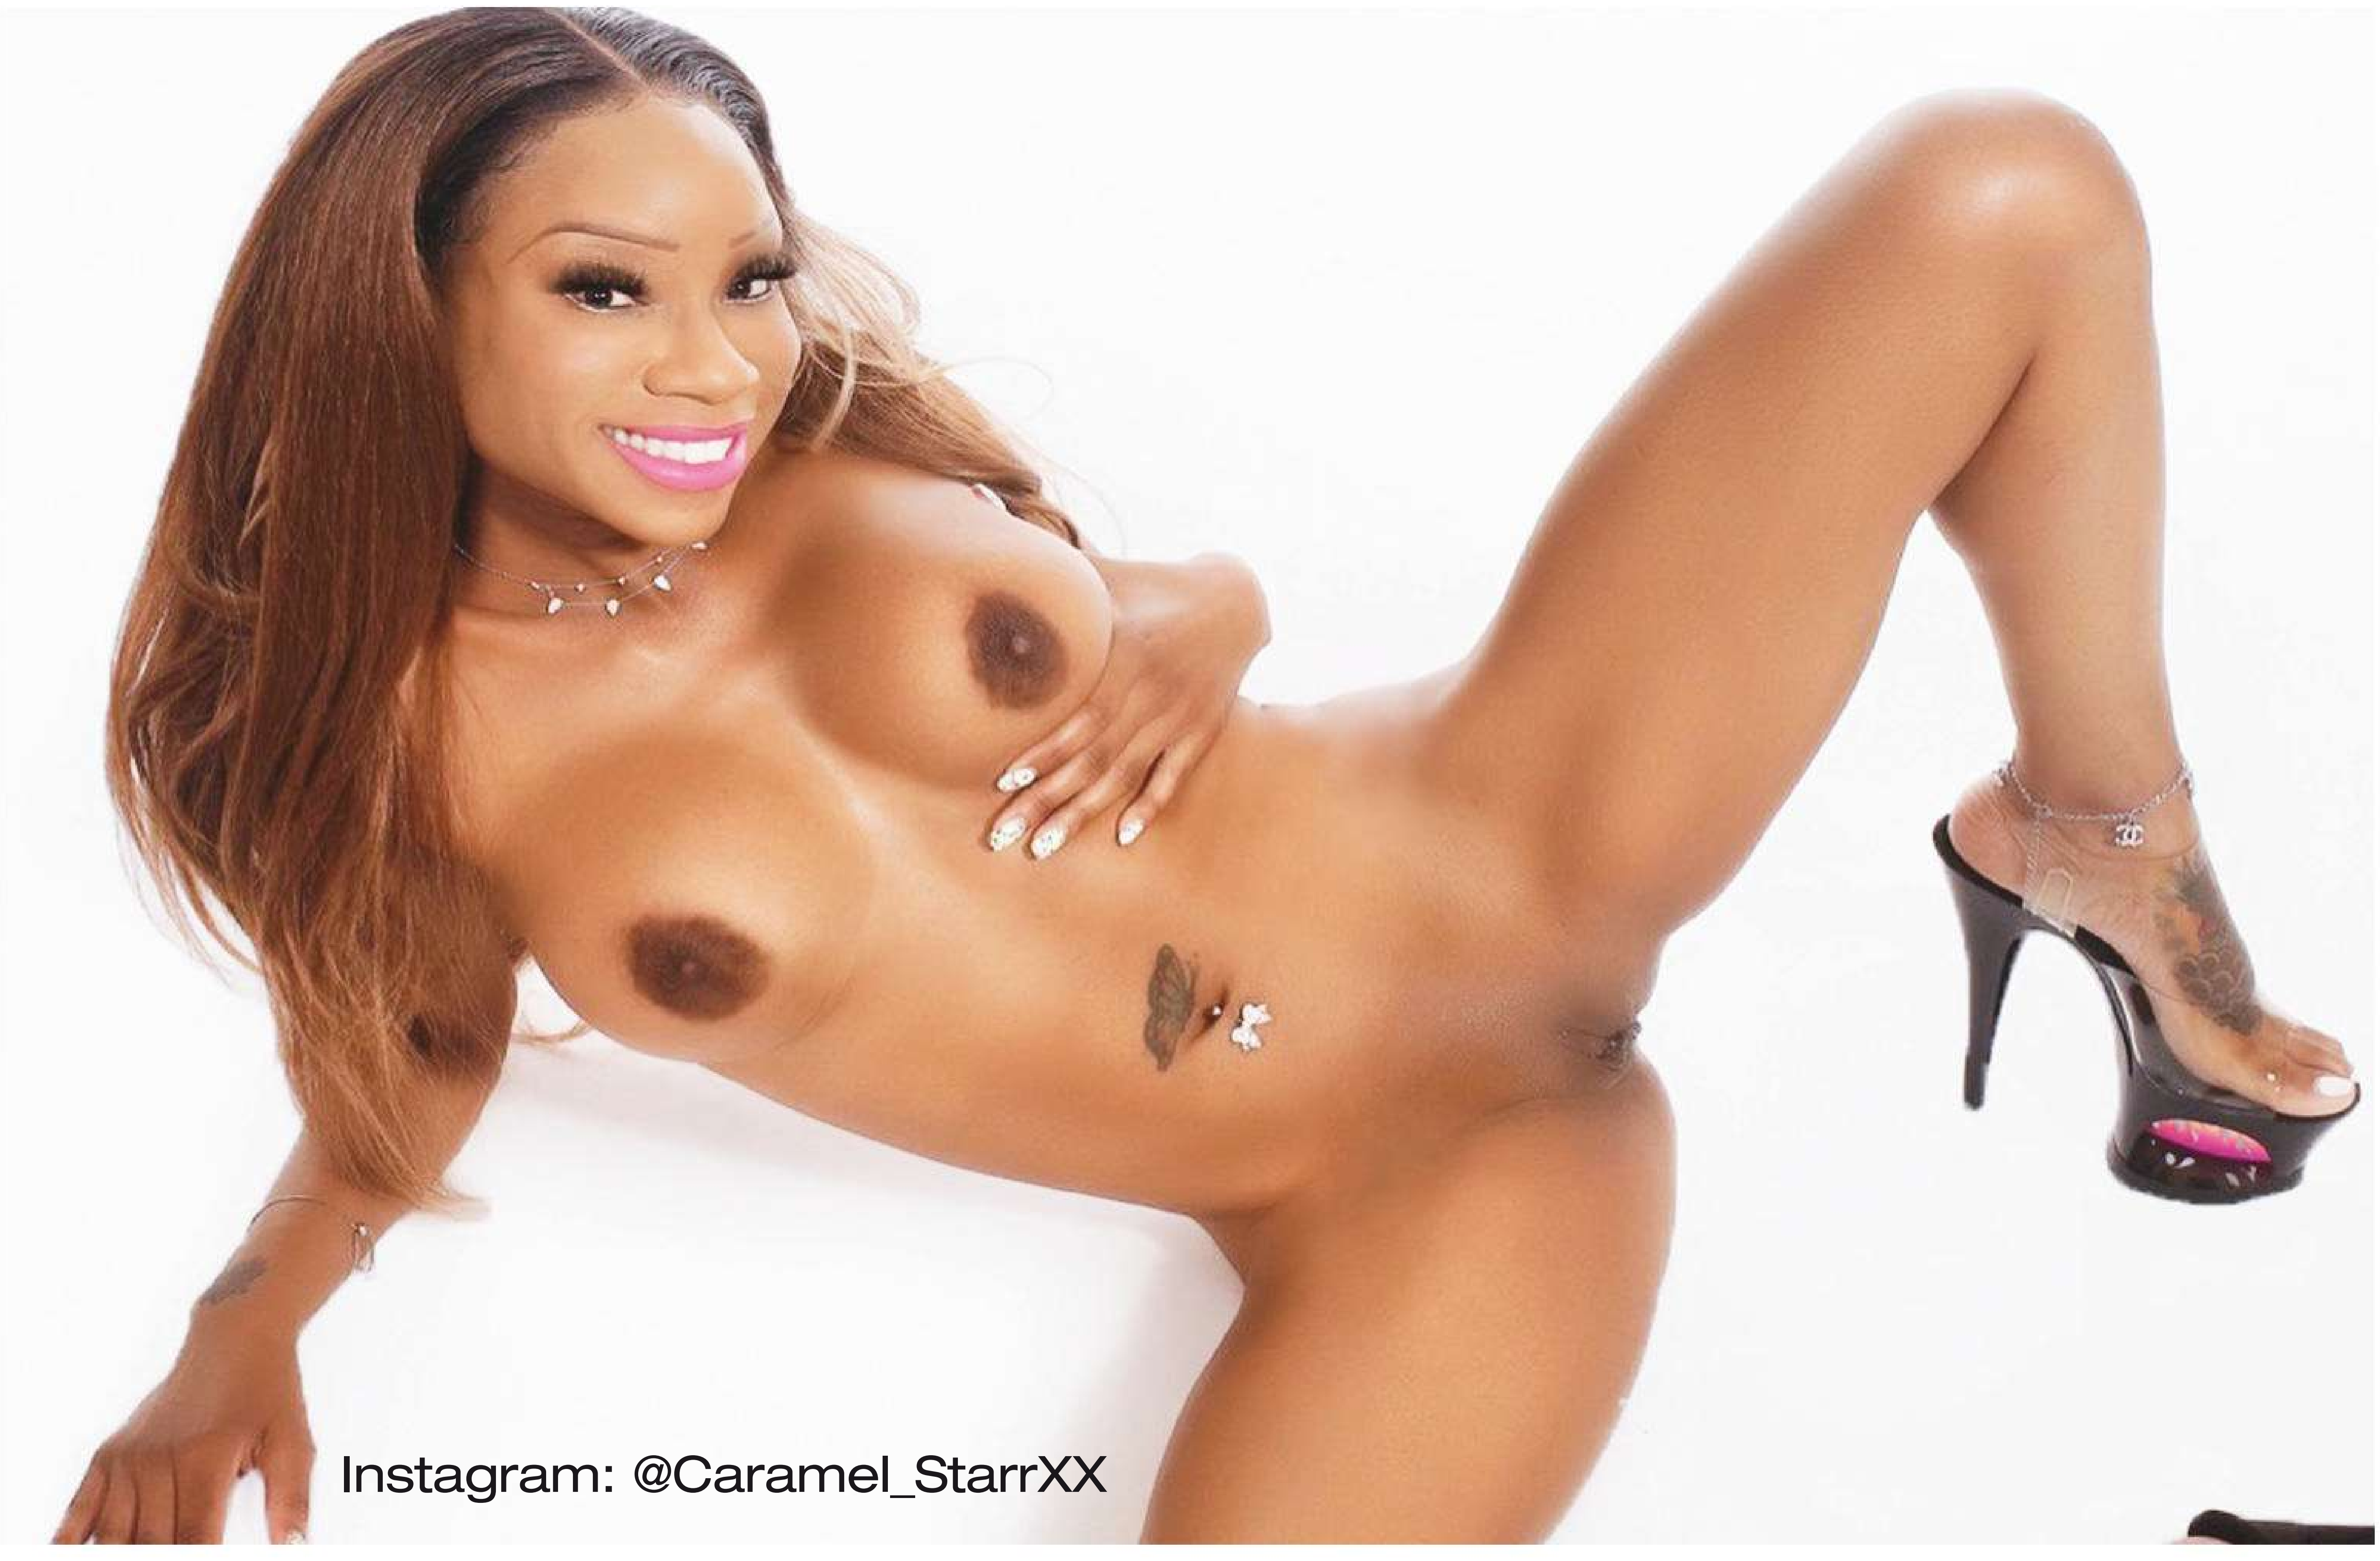
“I have two fantasies. I think it would be superfun to play pinball while being pleasured. It would be hard to focus, but would be a great time nonetheless! I’d also like to have sex on a glacier. That would be really cool.”

CARAMEL

"I wish to model nude in HUSTLER because I love my body and showing it off," professes Caramel, 36, a "very bubbly, witty and assertive" stripper from Pulaski, Missouri. "I feel that nudity is a form of art through expression." Yep, the 5-foot-4. 95-pound sweetie is a true-blue Show-Me Stater with a lot to tell us. "My hobbies are long-distance running, shopping, traveling and modeling," Caramel discloses. "I dig heavy metal music—my favorites include Disturbed, Godsmack and Metallica—and African food, ice cream, smoothies and pretty much anything that's healthy." What she savors the most is sex. "The rougher, the better!" Caramel insists. "I'm submissive and bi. I can give guys deep-throat blowjobs. I have no gag reflex, and I love rubbing my clit when sucking a cock or licking balls. I also fancy being fisted, doggy fucks, riding a dick, booty sex—it always make me come really hard—and gangbangs." Caramel is assuredly an expressive, hardcore hottie.

—Photos by Oliver Reynolds

“My fantasies are a gangbang with ten or more men and an orgy with lots of guys and gals.”



Instagram: @Caramel_StarrXX

RYDER DIE

“I wanted to model nude in HUSTLER as another way to market myself in the adult industry,” declares Ryder Die, 25, a bartender and fledgling content creator from Rancho Palos Verdes, California. “I’m a short, sassy, flexible spitfire who loves taking it all off in front of a camera.” The 5-foot-1 eye-catcher continues, “My hobbies include cooking, baking, shopping and dancing. I mostly listen to rock alternative, and my favorite band is I Prevail. But the best song for me during sex is ‘One’ by Metallica.” Ryder specifies, “My favorite sexual activities are role-play, which is a huge fetish of mine, and foreplay. I have a talented tongue that bodes well for my male and female partners. From then on, anything goes so long as we vibe.” Any place is okay with Ryder too: “My wildest sexual experience was fucking on a spinning-apple carnival ride!” *—Photos by Tony F.*

"Besides my orgy-in-a-mansion fantasy, I've always wanted to be fucking a dude whose wife or girlfriend walks in, and she has to sit there and watch."

HUSTLER
FEEL YOURSE
A LITT

Okay, so he isn't Eminem, but he kinda looks like him, and he has a big dick; that's all that matters. He gives it to me right where I like it: in the subway station. After I suck him off, he gives me his version of the slim (and slick) shady. I climb onto his steel rod and ride the Blue-Vein Express all the way to Orgasmville. He's almost too big; if he stretched my tunnel any wider, you could park Eminem's limo inside me.”

WITCHY WOMEN

Get ready to be elevated to a higher spiritual plane. Missy Martinez interviews XXX performers Bianca Baker, Destiny Diaz, Lucy Sunflower, Sera Ryder and Danny Gold about their supernatural gifts. These sex stars enlighten us to the stars above and introduce us to tarot reading, crystals and, yes, even witchcraft.

EX-CIA SPY BOB BAER

The CIA awarded Baer the Career Intelligence Medal for his 21 years of service. But after retiring, the ex-spy spoke out about the agency, becoming what *The New York Times* called a "tough-talking critic" and "shoot-from-the-hip maverick." This hard-hitting interview with Ed Rampell is a real-life espionage thriller.

BARELY LEGAL #190: SPIN THE BOTTLE

HUSTLER lends its own twist to 7 Minutes in Heaven: Theodora Day, Lily Starfire, Elle Lee and Lilith Grace go all the way every which way. This teen cumming of age play date is so much fucking fun! Photography courtesy HUSTLER Video.
